It is all so exciting! We have 23 new members. New members who are reaping the benefits of their membership by participating and enjoying all the designated events, study groups, trips and special events that have been thoughtfully planned by the industrious and innovative committee women. New members who have jumped in with big hearts to offer their energies and engage in our wonderful, philanthropic community service undertakings. New members who are offering their expertise to assist in any way they can. It is all so exciting!

It is very heartwarming! We have 87 members who have been chapter members for 10 or more years. Imagine! Ten years plus of commitment to our cause and ten years plus of sowing and reaping the benefits we have to offer.

We are so grateful to all – new and “old” and those in between for keeping us vital, contributing old and new ideas and working to keep the “machinery” well oiled and moving forward. It is because of our entire Harmony Chapter community that we remain a premier organization and for that we give a heartfelt THANKS.

For those who leave us for warmer weather, we will miss you and wish you sunny days with much love and laughter. For those who will remain, may the snow be light, the temperatures moderate and may sunshine enter your days through what you do and who you are with. May you all enjoy a good winter season.

Sandy Tilis
GREAT NEWS

It is with great pride and excitement that I announce that our chapter, the Harmony Chapter, has received two of the Brandeis National Committee's awards for 2018. We are the recipients of the Membership Goal Award and we are one of the three of the national chapters to receive the Honor Roll Certificate of Recognition for creating a cookbook as a unique fundraiser.

I extend my heartfelt gratitude to all who have worked so diligently to make our chapter an outstanding, fulfilling organization and thank you to all who support us.
A warm welcome...

Dear Members of the Brandeis Community,

On Sunday, the university joyfully celebrated its 67th Commencement exercises, with 916 undergraduates and 904 graduate students receiving their degrees. As always, we celebrated their accomplishments, the groundbreaking scholarship of our faculty, and the experiences of the outstanding individuals who received honorary degrees. Very appropriately, since it was Mother's Day, nearly all our speakers paid special tribute to the many proud moms and grandmothers in the audience.

Our Commencement speaker, Freeman A. Hrabowski III, brought to the podium a deeply inspiring life story: As a 12-year-old growing up in Birmingham, Alabama, he joined a civil rights protest that landed him in jail with other youngsters, where they received moral support from Dr. Martin Luther King Jr. Now Dr. Hrabowski is the president of the University of Maryland, Baltimore County. Like Brandeis, UMBC is a young institution, founded in 1966, and, like Brandeis, it boasts a tradition of inclusivity.

I hope you'll watch or read Dr. Hrabowski's inspiring speech to our graduates. He reminded them, "The way you think about yourselves, the language that you use, the way you interact with each other, the values that you hold, will be so important. You become like the things you love. I challenge you today to dream about the possibilities. It was Harriet Tubman who said, 'Every great dream begins with a dreamer.' And you have this possibility."

I also invite you to watch the performance by another of our honorary degree recipients, legendary Israeli singer-songwriter Chava Alberstein, who sang "A Prayer From King David" in Hebrew during the ceremony.

I always find Commencement invigorating. It's a chance not only for our graduates to begin the next chapter in their lives but for Brandeis to begin its important work anew. Thank you for your commitment to helping us in this work. May the summer months give you an opportunity for exploration and renewal.

Sincerely,

Ron
Dear BNC Members,

We are pleased to announce the official launch of the BNC Magnify the Mind: Advancing Neuroscience Research campaign.

Our goal is to raise $500,000 this coming year to purchase a resonant scanning two photon microscope that will help advance neuroscience research at Brandeis University.

This new microscope will allow Brandeis scientists and student researchers to observe brain activity in real time. Our best hope for finding cures, treatments, as well as preventing brain diseases such as Alzheimer's, Parkinson's, ALS and autism, is to invest in research that will allow us to understand how the brain works.

We hope you will join us in supporting this important and worthy cause by making your own personal donation or by supporting your BNC chapter fundraising events.

To learn more visit our website. Thank you for your support!

Lynne Groban                  Carol Kern
Campaign Co-Chair            Campaign Co-Chair
National VP, Fundraising
September 2018

Dear Friends,

As a new year begins at Brandeis, I cannot help think about our shared accomplishments.

We shared pride in the Nobel Prize of Professors Michael Rosbash and Jeff Hall. The Brandeis National Committee is also celebrating its 70th year. We continue to be strong and an integral partner of the University

I hope that you will join supporting the Magnify the Mind: Advancing Neuroscience Research Campaign. The $500,000 two-photon microscope will allow Brandeis researchers to observe the brain in real time. Biologist Suzanne Paradis’ lab recently discovered a treatment for epilepsy, reducing seizures. Paradis, among other researchers on campus will be utilizing this new technology to help understand and ultimately cure neurodegenerative diseases.

As we start the year together, I hope that you will find the initiative both meaningful and unique to make positive changes for the future of science, health and technology.

Wishing you and your families wonderful beginnings, in health and success.

Thank you for your continued support of Brandeis University and I hope to hear from you soon.

Best Regards,

Madalyn Friedberg

BNC National President
JOHN LISMAN'S QUEST

A year ago last February, Brandeis neuroscientist John Lisman and his family went on vacation to California. While he was there he received an email from the National Institutes of Health saying they'd approved a major grant for his lab. Lisman had been researching a single brain molecule he was convinced played a major role in the formation of long-term memories. Recently he'd achieved a breakthrough in his research. However, due to an inoperable cancer, he died in October 2017.

Lisman had a theory for a new way to treat Alzheimer's. Susan Birren, a professor of neurobiology at Brandeis, is now working with his lab on that research. He had also done research on schizophrenia which is also being continued.

In the very long term, Lisman's work on the memory molecule may open up new ways of treating mental illness and neurodegenerative diseases. He showed he could delete a memory in a rat. One day, we may be able to erase memories caused by trauma or drug addiction. Although it would raise serious ethical issues, this might allow us to change our pasts by wiping out our recollections of unhappy experiences.

STUART ALTMAN RECEIVES LIENHARD AWARD FROM NATIONAL ACADEMY OF MEDICINE

For his pioneering role in national health policy and health services research, Stuart Altman is the recipient of the 2018 Gustav O. Lienhard Award for Advancement of Health Care. Altman, a professor at Brandeis University, has helped improve the health insurance system in the U.S and the efficiency of its delivery system.
Dear Vickie and Members at Metedeconk Four Seasons Brandeis

The Food Pantry and the Jackson Women of Today would like to extend our sincere appreciation for your generous donation over 150 bags of food from Four Seasons Brandeis. On two separate days, your group has open their hearts to not only collect the food but, deliver it to the pantry.

We could neither exist nor run without the generous support from communities like yours. It is because of your support that many families in need in Jackson will have food on their tables. The Food Pantry, Jackson Women of Today and our clients are very grateful for every donation made in support of the Jackson Food Pantry. It is a great time when communities can come together and help one another. I personally am grateful for all your club does to assist the pantry in reaching our goal to help all those who need help.

Once again, thank you for thinking of the Jackson Food Pantry and Jackson Women of Today and we are truly humble for all you do for our pantry.

Sincerely,
Jo Corbiscello

Jo Corbiscello, Director of the Jackson Food Pantry (732 415-8049)
Kathy Sculthorpe, President of the Jackson Women of Today
Joy Rende, Treasurer and Corresponding Secretary of the Jackson Food Pantry
The Direwolf team wanted to say thanks and that we appreciate everything you all are doing to ensure we have quality reading material. We are doing well and appreciate all the support. We are making sure the soldiers are aware of what you are doing for us as well as getting your info out to other units.

Hope all is well, we will keep in touch.

Sincerely,

Jeremy M. LaBranche

We would like to welcome those who are interested in attending one or more of our committee meetings. Find out what we do, come with ideas, join our committees or just attend to see if you might be interested in joining. The following is a list of the upcoming meetings and the Chairmen of the Committees

**SPECIAL EVENTS COMMITTEE** - Please contact Marie Santoro mariesantoro@optonline.net

Plans large, special events to which the entire community is invited – Book and Author Luncheon, Card and Mah Jong Party

**COMMUNITY SERVICES/SOCIAL JUSTICE COMMITTEE** – Please contact Cindy Wasserlauf cindywas18@gmail.com, Pat Emmerman paemmerman@gmail.com or Gloria Dino-Guida gloriadinoguida@gmail.com

Plans and facilitates charitable functions – i.e. Reading Buddies, clothing and food drives, book collections for people in the armed services, visiting nursing homes, MAGS, school supply drives, Christmas Wish Lists.

**STUDY GUIDE COMMITTEE** – Gather your ideas and stay tuned Please contact Marcy Kupferman marcyannz@yahoo.com

Plans and facilitates the many study groups offered in our biyearly Study Guide

**Cultural Committee** – Please contact Linda Werner ldwerner@optonline.net

Plans and facilitates cultural trips – i.e. museum visits, theater, places of interest

The committees meet once a month -

To find out when that is, please contact the Chairman

We would love to have you. “It takes a village.”

Sandy Tillis, President
BNC COMMUNITY SERVICE
SOCIAL JUSTICE CALENDAR

NOVEMBER

Nov.3-Dec. 1 – Hat & Glove Collection for NJ Division of Protection & Permanence

We will be collecting new hats, scarves and mittens for the children under the guidance of the Ocean South Office of Child Protections and Permanency. This office, one of the largest in the state, serves about 1,500 families. From November 3-December 1 there will be one collection box in the club house lobby and one in front of my home at 72 Gables Way. This timeframe for the collections allows us to deliver the hats, scarves and mittens both in time for the winter cold weather and holiday season. If you any questions please call Linda Ballan 732-534-4296

DECEMBER

Holiday Gift Collection – TBA

12/20 – Reading Buddies Book Giveaway

JANUARY

1/7-1/20 – MAGS (Metedeconk Animal Group Service) Collection

ONGOING

Sunrise Assisted Living of Jackson Volunteer & Visitation

Reading Buddies Program

Baby & Medical Equipment Available – Contact Carol Winkler 732-928-8338

Electronic Equipment Collection – Contact Lorraine Gajdzis 732-566-8518

For information about our committee contact:

Cindy (cindywas18@gmail.com)

Gloria (gloriadinoguida@gmail.com)

Pat (paemmerman@gmail.com)
During the school year (with the exception of the months September, February and June) volunteers read to small groups of children in Kindergarten and First Grade classes. The commitment is only 1 hour each week at the Crawford-Rodriguez School nearby in Jackson. All materials are provided.

To Learn about Volunteering for the Reading Buddy Program Contact:

Cindy cindywas18@gmail.com (732) 536-9490

COMMUNITY SERVICE/SOCIAL JUSTICE COMMITTEE

2020 VOTER REGISTRATION

Sub-Committee Proposal

WE NEED YOU!

A sub-committee is being formed to EXPLORE THE POSSIBILITY of registering voters in preparation for the 2020 election.

There will be several phases of work needed to complete this project successfully from planning to execution.

The initial plan is to schedule a meeting of interested volunteers at the beginning of March 2019. At the meeting we will share ideas of how to proceed as a group.

At this time if you are interested in working on this project, I am asking you to send an e-mail to:

36hope@optonline.net

Subject: Voter Registration 2020

If you are away for the winter when the first meeting will be scheduled, you can join us at a later date. Please indicate this in your e-mail.

IF WE WORK TOGETHER WE CAN MAKE THIS HAPPEN

If you have any questions, contact Hope Lewis at 36hope@optonline.net or 732-833-4468.
We Have Been Busy

In May, Janice Gold and Vickie Vitale were selling and promoting the Brandeis Cookbook, "From Our Kitchen to Yours", at the White Butterfly, a local boutique in Jackson, NJ. Together they made five recipes from the book which customers enjoyed and several books were then purchased.

The BNC Community Service Committee held 2 collections for the Jackson Food Pantry over the summer. FSML rose to the occasion. At each collection 75-85 bags of food and paper supplies were delivered. We are making a difference for local people in need.

The generosity of the FSML residents insured we had a very successful school supplies collection to assist the Ocean South Division of Child Protection and Permanency. We collected dozens of backpacks, hundreds of crayons, pens, pencils notebooks, binders and any type of school supplies a student would need to start the school year. The supplies were greatly appreciated and provided students an opportunity to begin the school year prepared.

Eight BNC Harmony Chapter members volunteered at the 2018 Jackson Relay For Life on June 2nd. This event is sponsored by the American Cancer Society and held at the Jackson Liberty High School. Our members worked as greeters and handled registration and accounting. We all left feeling good that we helped make the event a success.

MAGS, Metedeconk Animal Group Service, a Community Service/Social Justice Committee of BNC Harmony Chapter, held another Pet Collection in the gazebo on June 12th. The 54 bags of used blankets, bedspreads, sheets, towels and other bed and bath items were donated to the Northern Ocean County Animal Shelter in Jackson.

Successful Collection
Ronald Mcdonald House
October 10, 2018
WE VOLUNTEERED, DONATED AND THOROUGHLY ENJOYED OUR JUNE GENERAL MEETING
ATTENTION ALL MAH JONGG PLAYERS

MAH JONGG CARDS

It is that time of year again. Brandeis will be ordering new 2018 Mah Jongg cards for anyone in the community plus family and friends. The cost is $8.00 for the standard card and $9.00 for the large card.

Please make all checks payable to Brandeis University. It is important that the NAME, ADDRESS AND PHONE NUMBER of the person ordering the card appears on each check.

Please put your checks in an envelope marked “Mah Jongg card” and place in the BRANDEIS box in the clubhouse lobby.
Book Discussion
“This Is How It Always Is” by Laurie Frankel

On June 7th, Brandeis members viewed a film clip from YouTube called “Transgender Kids” and enjoyed a lively discussion about the scary topic of raising a transgender child. Current statistics of suicide rates and laws related to transgender persons in the United States with a comparison to other countries were presented. Members present included a medical practitioner who witnessed an early transsexual operation and relatives of transgender children. They gave the discussion real meaning. It was an enlightening experience for all and one we won’t soon

RBG

On a very balmy June 18th, a group of filmgoers attended a private screening of the wonderful documentary RBG, which highlights the life and career of the brilliant Supreme Court Justice, Ruth Bader Ginsburg. All her life, Ginsburg has been a powerful advocate for gender equality. The film follows her from her youth in Brooklyn to law school at Harvard and later Columbia University, showing highlights of her career, her Supreme Court nomination hearings and finally her current life as a Justice, mother and role model. Lunch in Asbury Park was also a feature of the day!

FINDING YOUR ROOTS

On July 31st Michael Schwartz, a self-taught genealogist, explained in his presentation how he researched genealogy by outlining his journey through family records. He said, keep at it. You never know what you will find.
Hiking in Millstone

On a beautiful Friday morning in June, twelve Brandeis ladies took a 2 1/2 mile hike in Perrineville Lake Park in Millstone. Led by naturalist Sam Skinner and assisted by our own Carol Yellen, we learned, observed, exercised and enjoyed the peaceful natural beauty of the park. Although it was a little of an uphill battle for some, a good time was had by all. We have two more parks to go to and we’ve walked all the Monmouth Parks!

Pontoon Boat Ride

Twelve adventurous Brandeis ladies endured the incredible heat and took a glorious ride around Manasquan Reservoir. The trip was informative, beautiful and social. Meeting new people in a casual, fun setting has always been Brandeis’ aim.

DELICIOUS ORCHARDS

Thirty Brandeis members toured Delicious Orchards on September 5th. We went behind the scenes into the baking area. We saw women getting apple pies ready to bake. In the produce area, we saw a lot of New Jersey grown vegetables. We finished our tour at the bee hives.
On Wednesday, June 13th, the members of Brandeis experienced a memorable trip to Queens. The day began at the Museum of The Moving Image where we explored the world of movie making from special effect make-up through the intricacies of sound editing. We enjoyed an authentic Greek lunch in the neighborhood. Our next stop, the home of a music legend, Louis Armstrong, presented a wonderful view into his life and legacy. It was a fun day for all.

The Mansions of Delaware

On August 16th, members of Brandeis enjoyed a day of elegance in Wilmington, Delaware. We visited Nemours Mansion and Gardens, the 300-acre country estate of industrialist and philanthropist Alfred I. du Pont, had a tour of the elegant mansion and took a bus ride through the plush gardens. The tour was followed by lunch at the historic Hotel du Pont where we dined in elegance.

Sound journey

We moved and meditated to music from around the world, during our delightful “Sound Journey” class at Cen-
On August 14th, after a delicious brunch, a group of 92 Brandeis women were treated to a visit from Sally Hemings, the slave and reported lover of Thomas Jefferson. The impersonation was done by Dr. Nina Haydel, a professor at Rider University. Thomas Jefferson was a lifelong slave owner who held Sally Hemings and her children in servitude. Many historical scholars agree that Jefferson was the father of Sally’s six children born to her after the death of his wife Martha Jefferson. Dr. Haydel’s interesting and educational presentation was given from the point of view that Jefferson and Sally had a long-term loving relationship.

67 Words that Changed History

A very informative program featuring historian Susan Addelston was presented on September 28, 2018. The subject was the Balfour Declaration of November 2, 1917, which promised Palestine to both the Jews and the Arabs. Its wording was included in Israel’s 1948 Declaration of Independence in the creation of the State of Israel.

Ocean County Historical Society and Museum and Research Center

On Thursday, September 13th, fourteen members set out to Toms River to discover Ocean County’s “Best Kept Secret.” The Ocean County Historical Society and Museum and Research Center is indeed a very interesting house which dates back to the early 1800’s. The all volunteer organization was very welcoming and happy to tell us about the house and its history. The Richard L. Strickler Research Center was added in 1990 as a reference library and archives devoted to preserving the historic legacy of Ocean County. It was a pleasure to meet the docents and learn all about this treasure not very far from Jackson.
On Tuesday, July 10th, many of our Brandeis members were treated to a wonderful first person interpretation of Jacqueline Kennedy Onassis by actress Jill Lawrence. Jill not only portrayed Jackie, but wrote the entire script.

As First Lady, Jacqueline Kennedy was instrumental in the restoration of the White House. Years later she moved to New York City with her children. There was a possibility that Grand Central Station would be demolished and a skyscraper would be erected. Jackie along with others were able to stop it and Grand Central Station was restored.

A TASTE OF ITALY AT LA CIPOLLINA

On August 8th, 40 Brandeis ladies gathered for “A Taste of Italy at La Cipollina Ristorante” in downtown Freehold. Chef Matt Higgins entertained us with a cooking demonstration including tips on shopping for ingredients, prepping the food and plating it. We also enjoyed a delicious luncheon of Eggplant Rollatini, Chicken Cognac and Italian Cheesecake. Many thanks to Lisa Frederick and Peggy Salvaggio for their excellent work as chef’s assistants!
LAUGHTER IS THE BEST MEDICINE

You don’t stop laughing because you grow old – you grow old because you stop laughing. So if you can’t beat the aging process, embrace it with humor. Larry Wolfert, an instructor at OLLI-RU, entertained us with video clips exploring the lighter side of aging.

You Are Part of the Picture

On September 21st, 13 women from Brandeis spent an afternoon with Metedeconk Artist in Residence, Doug Eisman, discussing art works and artists. Each woman submitted works they felt represented artists worldwide. It was an afternoon well spent and very well received. Thanks to Joanne Agoglia for her AV technical support. Many thanks to Doug for all his hard work putting this program together!

EYE OF THE BEHOLDER

On June 1st, 35 women gathered to hear Phyllis Rakow, from the Princeton Eye Group, present a very interesting talk about how the visual defects of famous artists from El Greco to Georgia O'Keefe affected their paintings and sculptures. The development of cataracts may explain changes in their painting over time from detailed to blurry, thus "impressions" of flowers. Also vision of colors are affected by eye disease and ingesting drinks, such as absinthe. A very "eye opening" and enlightening activity enjoyed by all!

Brandeis National Committee is dedicated to providing philanthropic support to Brandeis University, a distinguished liberal arts and research university founded by the American Jewish community. Its membership is connected to the university through fundraising and through activities that reflect the values on which the university was founded; academic excellence, social justice, non-sectarianism and service to the community.
