OPEN BOARD MEETING

Thursday, November 2, 2017  
At JCC, off of Gunn Highway

We will welcome Guest Speaker

Bill Heath

who taught an OLLI class last session

His subject: Louis Brandeis
From the President...

We made it through the normal Florida summer heat and then came an abnormal summer hurricane. Fortunately we were not hit with level #5 winds and rain but only with level #1. That was enough to blow down quite a number of tree branches. It’s amazing to see large bundles of brown tree limbs on the sides of so many local roads.

The very religious Jewish holidays have altered our meeting dates, but now we’re back on schedule.

Our Open Board Meeting will happen on time the first Thursday in November. We have an interesting guest speaker, Bill Heath, joining us. His topic is Louis Brandeis. You don’t want to miss this one.

Let’s get started!

Terrill Hameroff

Happy Thanksgiving

Brandeis National Committee is dedicated to providing philanthropic support to Brandeis University, a distinguished liberal arts and research university founded by the American Jewish community. Its membership is connected to the University through fundraising and through activities that reflect the values on which the University was founded: academic excellence, social justice, non-sectarianism and service to the community.
OPEN BOARD MEETING

Thursday, November 2, at 10 AM, we will introduce our guest speaker, Bill Heath, to our Chapter. His subject will be Louis Brandeis who was the first Jewish Supreme Court Justice.

Bill graduated University of Michigan and had a long career in law. He is most interested in history, culture and political science that embrace his extensive studies.

Take some time to attend this informational get-together. See your friends, meet Mr. Bill and enjoy some of the coffee and snacks that will be offered.

We’re saving a seat for you!!

AMERICANS WIN NOBEL PRIZE IN MEDICINE

Three Americans won this year’s Nobel Prize in physiology or medicine for their discoveries of molecular mechanisms controlling biological rhythms.

Jeffrey C. Hall, Michael Rosbash and Michael W. Young received the prize for research that led to the understanding of how plants, animals and humans synchronize their biological clocks with the Earth’s revolutions.

Dr. Rosbash, the son of Jewish immigrants who escaped from Nazi Germany in 1938, is a well-known figure at Brandeis. He attends basketball and soccer games, and is a regular presence at the annual Student Open House, where he discusses his research with prospective students.

He and Dr. Hall both arrived at Brandeis in 1974. Dr. Hall, 72, is a professor emeritus of biology and now lives in Maine.

At a press conference at Brandeis recently, Dr. Rosbash said the full impact of research on the link between disruptions of the biological clock and human diseases “has not been felt yet.” “It’s coming,” he said, “but is not yet here.”
THE FLORIDA HOLOCAUST MUSEUM ....

CELEBRATING 25 YEARS

In honor of the 25th Anniversary of Florida Holocaust Museum, an oral history series shares the stories of twenty-five Holocaust Survivors. Each Survivor brings to the series an individual voice that enlivens our understanding of the Holocaust; the war’s effects on individuals, families, and communities dispersed across the world; and its reverberations into the present moment.

STORY #7....Holocaust Survivor: Judith Szentivanyi, a Brandeis member of Tampa Bay Chapter

After being held at the factory, Judith was packed into a crowded boxcar with her mother and sister. “The Germans by that time had practically lost the war,” Judith says, “but their main concern was still how to kill Jews.” Of the 96 people transported in that boxcar, Judith is one of five Survivors.

Judith was held at Auschwitz-Birkenau for several days. The prisoners’ heads were shaved and women were given a single striped dress to wear. Judith was soon loaded again onto a boxcar and taken to the Plaszow labor camp, near Krakow, where she was held for roughly five months.

“I was faced with the probability that I would find none of my family alive. God was good to me for my father was already home. He escaped from the work camp and a family in Miskolc hid him. They could have been killed for their goodness. My father was the president of Joint in Miskolc and as such he organized the help of the few who returned from the concentration camps.

Twenty-six members of our family were killed. My mother and six year old sister were gassed in Auschwitz. I have never seen again many of my childhood friends.”
