If you have been reading my column in past bulletins, you know I try to start or end with a quote. Looking back I remembered a few that got us through the early days. In the beginning our answer for any bump in the road was: “Baby steps, just baby steps.” As we grew we came to the realization that the successes of our chapter began with the following: “Feed them and they will come.”

Now as we embark on our 9th year, we will challenge ourselves with living the quote I came upon while my fingers ran across the keys of my computer:

**Teamwork** divides the task and multiplies the success.

After attending our New Member Tea on July 28th, I came away with a new sense of the meaning of teamwork as I observed the flow of ideas emanate from women who met each other for the very first time. The feeling was that we will continue to grow, learn, create opportunities and develop friendships.

Please participate. Offer us your expertise and your talents. With YOU we are a TEAM. Here’s to multiplying our successes TOGETHER.

MAH JONGG MAVEN SAYS “THANK YOU!”

Carolle Weiner, Fund Raising Co Chair, reported that the Brandeis Mah Jongg & Card Party held on July 14 was a huge success. Carolle credited the success of the event to her hard working team members Michele Feldman (Co Chair) and Linda Levin. “The work they did on this from Day One made the evening what it was – flawless (except for the loss of the electric power!)”.

Special thanks go to all the committee members.

NEW ADDITION TO THE EXECUTIVE BOARD

Judy Carton has been named the new Co Chair of Study Groups and will also serve on the Executive Board as a Vice President of Study Groups along with Ann Newman. Judy has been a member of the Study Group Committee for several years and has facilitated many Study Groups.

To those of you who were at our Capture the Flag event, you know how fabulous it was. For those of you who missed it, you really MISSED IT.... it was the best party around! Thanks to those who either baked or contributed to the sumptuous dessert and goodies table. It was outstanding and abundant. As one of the guests commented, "This was the best Vietnamese table ever!"

The winners (pictured above) were thrilled and the booby prize winners were just as happy with their 'loss'. Our really hard working committee outdid themselves... Kudos galore to Carolle Weiner, Michele Feldman and Linda Levin for their 'over the top' contribution to a most successful evening. They deserve some R & R and then on to the planning of the next one! - Zelda
COMMUNITY OUTREACH – Charna Phillips & Violet Vietoris

THANK YOU!

Charna and Violet wish to thank everyone who donated school supplies to our Back to School project. These school supplies aided the MOMS of Jackson in their efforts to help struggling families get their children ready for the new school year. The school supplies pictured here are only a small portion of what was donated. *Your generosity was overwhelming!*

On July 28th a New Member Orientation Tea was held at the home of Elene Kurtzman, hosted also by Gayle Rubin. Both women are the former membership VPs. All Board and new members present introduced themselves and shared ideas and information pertaining to Brandeis. Zelda encouraged new members to get involved, and all seemed eager to join study groups and participate in the various activities that Brandeis offers. Delicious refreshments and interesting conversations were enjoyed by all.

MEET OUR MEMBERS!

Janis Bell
Janis moved to Westlake from Caldwell, NJ about four years ago. She just recently retired from the Diocese of Trenton where she coordinated ministry for maturing adults and was an advocate for persons with disabilities. Janis loves everything about Westlake and wants to meet people, so she feels that Brandeis is just what she would enjoy in addition to her children and seven grandkids! Welcome, Janis!

Sheila Sokoloff
What a pleasure to introduce Sheila Sokoloff to you, one of our newer members of Brandeis! Sheila is a new retiree of one year, having spent more than twenty years working with pre-school and kindergarten children in Marlboro. Like so many of our members, she found that Brandeis offered her such a diversified range of activities, that she has already experienced book and film discussions, the Ethicist group, took a bus trip to Atlantic City, and of course was with us at our “Meet and Greet” brunch and “Welcome Tea.” In addition to our activities, Sheila was impressed with how welcoming and friendly everyone was towards her. Although a new member, she may be looking to become involved in one of our committees in the future. I know she will be one of our welcoming members to others, sharing her positive experiences forward.

INTERESTING TIDBITS FROM BRANDEIS

U.S. DEPARTMENT OF STATE HONORS HELLER ALUMNUS

To those who know his work in Vietnam and China, rescuing young people and women lost to the underworld of forced labor and prostitution, Van Ta, Heller MA/SLD’12, is a very brave man. Using modern technology and old-fashioned investigative techniques, sometimes with only a photograph and a vague location to guide them, the Vietnamese lawyer and his team of activists search for children and women forced into modern-day slavery. In 2013 alone, Van Ta and his team traveled to China on seven rescue missions, freeing 13 girls and women who had been sold into prostitution. Phillip Martin, senior fellow at Brandeis’ Schuster Institute for Investigative Journalism, met Van Ta when Martin wrote a series of award-winning investigative pieces about human trafficking for WGBH Boston Public Radio. In Brandeis Magazine, Martin described the dark nights when Van Ta drove the streets of Ho Chi Minh City to find children who have been trapped by garment factory owners.

MARGO HOWARD ’62

In 1959, a woman in Chicago learned a St. Louis newspaper was about to print something she had penned about love. She wrote her daughter, a Brandeis freshman, to tell her the good news. The woman was Eppie Lederer, and the paper in question was merely the latest in the growing list of dailies to publish her “Ann Landers” advice column, which she started writing in 1955. Through nature or nurture, or both, Lederer’s daughter, Margo Howard, became something of an expert on love herself. After working as a newspaper and magazine writer for 30 years, at age 58 she followed in the advice-giving footsteps of her mother (and her mother’s twin, Pauline “Dear Abby” Phillips) by writing the nationally syndicated columns “Dear Prudence” for Slate, then “Dear Margo” for Yahoo! News and www.wowowow.com. Through the years, Lederer has been married four times and currently lives in Cambridge, Mass. with her fourth husband. She’s also preparing for the late-September release of her third book, “Eat, Drink and Remarry: Confessions of a Serial Wife.”

MISSION STATEMENT

Brandeis National Committee is dedicated to providing philanthropic support to Brandeis University, a distinguished liberal arts and research university founded by the American Jewish Community. Its membership is connected to the University through fund raising and through activities that reflect the values on which the University was founded: academic excellence, social justice, non-sectarianism and service to the community.

SUSTAINING THE MIND: SCIENTIFIC RESEARCH AND SCHOLARSHIPS

Did you know that Alzheimer's disease alone affects 15 million people worldwide? Maybe you or a family member or friend is one of those people. As the population ages and this number increases, the need for neurological and neurodegenerative disease research becomes increasingly important.

Brandeis University researchers in over 50 laboratories are already pioneering strides in the field of brain-related disorders, including Alzheimer’s and Parkinson’s disease and Autism. Scientists in the areas of neurodevelopment, neurodevelopment disorders and neurodegeneration are trying to understand the fundamental biological processes underlying brain function. These Brandeis professors and students are dedicated to the basic research that has already led to breakthroughs in our understanding of neurological diseases. Educating tomorrow’s scientists is important; that’s why investing in scientific research and scholarships at Brandeis is an investment in the future. Plus Brandeis is committed to ensuring that it meets the financial needs of students doing outstanding work in science’s fastest-growing arena.

We invite you to join the Brandeis National Committee’s “Sustaining the Mind: Scientific Research Campaign” to establish an important fund to foster research in neuroscience and neurodegenerative diseases. The vision and determination of a cadre of loyal supporters like you will help us reach our $3 million campaign goal and will ensure that Brandeis researchers and students are able to excel in their fields of study and make important advancements in neuroscience.

“Much has been accomplished; more needs to be done.”

Welcome to the new short stories session! We have a few new members who do not have our old book. We have also been using that book for several years, so I feel we ALL need a break. Therefore, I have chosen a new book, “Interpreter of Maladies,” by Jhumpa Lahiri. She is the author of “The Namesake,” which was a readers’ favorite several years ago. It centers on the Indian-American experience, as that is the author’s background. There are nine stories. We will be reading the first three for our first session on September 4, the next 3 on November 6, followed by the final session on January 8. It is available on Tuebl [http://tuebl.ca/download/32641](http://tuebl.ca/download/32641). It is also available on Amazon for $8.43.
