It’s been my great pleasure to serve as President this year. We had a snowy start to our Winter Bulletin’s activities but I think you will find that those cancelled events have been re-scheduled.

We are so fortunate to have a wonderful group of women on our Board. They had to do a lot of “pitching in” to be sure that events went on smoothly. Special thanks to Helen Divak, Thelma Wilkofsky & Eleanor Edelstein.

Our Book & Author luncheon was a rousing success. We had a robust turnout, a lovely meal and a spectacular presentation by author Alyson Richman. Kudos go to Anne Paszamant and her team. The proceeds from the luncheon went to the Sustaining the Mind campaign. The chapter also made a contribution to STM in memory of long-time Board Member, Sylvia Koss. Note that proceeds from several activities in this bulletin are designated as Sustaining the Mind events.

I wish Linda Gershen & Caryl Distel much success & love as they take the reins of the presidency. We look forward to their leadership, and we encourage you to join the leadership team.

See you at Hot Topics!

Overheard on a Brandeis trip: “Every day I choose to be happy.”

How lucky we are to lead a group of strong, intelligent, friendly and caring women! How lucky we are to belong to Brandeis National Committee—an organization that reflects the values of Brandeis University:
• Academic excellence that parallels our life-long love of learning, evidenced by fundraising efforts to support Brandeis libraries, scholarships and fellowships;
• Social justice that parallels our award-winning program and demonstrates the value of service to the community;
• Research, particularly “Sustaining the Mind”, which seeks a cure for neurodegenerative diseases that parallels our commitment to searching for ways to improve the lives of our members and others.

How lucky we are to be the Middlesex Chapter with:
• Women who have similar interests and shared values
• Leaders who work to plan and implement stimulating activities
• Members who look forward to and appreciate the myriad study groups, trips and special events revealed in our Bulletins

How lucky we are that like-minded women seek out and join our chapter with fresh ideas and a willingness to contribute by being active and involved, thereby helping us grow.

How lucky we are to have strangers become friends, who enjoy the good times with us and hold our hands in the not so good times.

Every day let us choose to be happy as we move forward together.

BNC is dedicated to providing philanthropic support to Brandeis University. In addition to a 60-year history of support for the library, the mission includes financial support for student scholarships, medical research, and all other parts of the university.

Brandeis University is a foundation for excellence. BNC’s hallmark is the opportunity for advanced learning for members who are supporting this institution. BNC forges ties with faculty and Brandeis events in order to provide high-quality learning opportunities for its members.

Being part of one of the top universities in the country has attracted thousands of members to the BNC. This connection to Brandeis, to BNC, and to individual chapters on the local level brings many educational and social benefits to members of this unique organization.
Sustaining The Mind: Scientific Research & Scholarships

The Sustaining The Mind $3 million campaign supports neuroscience research at Brandeis and endows scholarships for students in the sciences.

Our talented Brandeis professors and students work in over 50 state-of-the-art research labs, seeking to understand the fundamental biological processes underlying brain function. Research is the key to finding a cure to diseases such as Alzheimer’s, Parkinson’s and ALS.

**17th Century Dutch Genre Art**

Join us as we welcome back Maryann Zolota, our popular art historian. Many of these pictures illustrate proverbs or maxims well known to the Dutch.
