

Drink responsibly

reduce. reuse. recycle!

Recyclemania is a national competition at hundreds of colleges going on now! Let's double our recycling rate from only 8% in January to 16% by March by "Drinking Responsibly". If we reach our goal-we will save resources, win Recyclemania, AND get a free Ice Cream on Earth Day from Aramark!

How do I "drink responsibly"?

Reduce bottled water.
Reuse mugs, cups, & bottles.
Recycle all containers!
