

Quotes from students in Wendy Cadge's courses:

“She puts so much effort into the course and it is obvious how much she cares about the subject and about the students. Professor Cadge has really helped me to develop my skills as a writer and thinker.”

“The facts/statistics that she presented are ones that I will keep with me forever and will probably live by. I have never had such a positive experience in any other class; no one else has ever affected my education in such a way. To me, she represents everything that a teacher should be.”
