Solar Plate Etching with Dan Welden

Generously funded by the Brandeis Arts Council
Sponsored by the Fine Arts Department

Lecture
Painters, Sculptors and Photographers Make Prints
Friday, April 15
6pm
Goldman Schwartz 115
Open to the public

Master printer Dan Welden will talk about the collaborative process of making prints with artists such as Elaine and Willem De Kooning, Dan Flavin, Lynda Benglis, Eric Fischl, Jack Youngerman and more.

Workshop
The Solarplate Print
Saturday + Sunday
April 16 + 17
9am-5pm
Goldman Schwartz 121

Learn solarplate etching from master printer Dan Weldon, who developed this versatile and non-toxic technique. Open to Brandeis students. To register, email cdunant@brandeis.edu.

Demo
Solarplate
Saturday, April 16
9-10:30am
Goldman Schwartz 121
Open to the public

An introduction and demonstration of the solarplate process for enrolled workshop students and open to other members of the Brandeis community.
