

CHRISTOPH AMELUNG

Date of birth July 14, 1971 (Detmold/Germany)
Citizenship German

EDUCATION

October 1990 – January 1996 Studies of physics at Bonn University

January 1995 Began diploma thesis in the Bonn ZEUS group on
“*Phase-Space Isolated Particles in the Final State of Deep Inelastic ep Reactions at ZEUS*”

January 1996 Received diploma (*Dipl.-Phys.*)

February 1996 Began doctoral thesis in the Bonn ZEUS group on
“*Measurement of the Proton Structure Function F_2 at Very Low Q^2 at HERA*”

November 1999 Received doctoral degree (*Dr. rer. nat.*)

PROFESSIONAL RECORD

December 1999 – June 2000 Post-doctoral appointment in the Bonn ZEUS group

July 2000 – June 2002 CERN research fellow in the ATLAS muon group,
began working on the *optical alignment system of the ATLAS MDT chambers*

July 2002 – December 2007 CERN research staff in the ATLAS muon group

January 2008 – present Associate Research Scientist in the Brandeis
University High Energy Physics group
