

Brandeis University Graduate School of Arts and Sciences
Estimated Cost of Attendance
2008-2009

The cost of attendance includes necessary expenses for a student enrolled in graduate school. These are fixed costs, estimates of living expenses, transportation and books and health insurance. Each year this budget is revised due to the changes in tuition, living expenses, books, supplies, and other miscellaneous expenses. Living expenses are based on the Bureau of Labor Statistics moderate cost of living budget for the Boston area.

The estimated Cost of Attendance for 2008-2009 is provided as a guide. The university reserves the right to change its charges at any time. The 2008-2009 actual Cost of Attendance will be issued upon request when it becomes available and posted on the GSAS web site.

| | Resident | Post Resident | Continuation | Master of Science Genetic Counseling | Master of Arts Teaching (15 month) | Studio Art Certificate | Cosi and Pre-med Certificate \$4,516 |
|---|---------------|---------------|---------------|---|--|---------------------------|---|
