Where Grads Live
More +

The path between a Brandeis graduate's major and where they start working six months after graduation is not always linear.
For example, many psychology majors work in healthcare and science research, while others work in education, financial services, and even computer science. Each line represents the path of a Brandeis graduate within six-months of graduation.

Click on a major or industry to see where a liberal arts education at Brandeis can take you.

Here's what students say about appointments:

“The appointment was very specific to my needs and potential ideas. My counselor did a wonderful job in pointing me to specific directions and offered insight into positions.”

“Hiatt gives students a better idea of how to search for internships/jobs when they may be a little lost. Every time I come in, I feel more confident.”

“The counselor I worked with helped me determine a process that will serve me well in selecting internships for the summer.”
