Brandeis University
Biotech, Health Care and Science

INDUSTRY FAST FACTS from the Hiatt Career Center

EMPLOYMENT

97% of Brandeis 2014 graduates were employed or in graduate school within six months of graduation.

19% of Brandeis graduates enter the fields of biotech, pharmaceuticals, health care and science research.

Undergraduate students average three internships before graduation, including labs and independent research.

ACADEMICS

Brandeis has a $154 million, 108,000 square foot science research center on campus.

600 undergraduate and graduate students major or concentrate in physical or life sciences.

Over 100 undergraduates have been published in peer-review faculty journals in recent years.

75% of Brandeis alumni who apply to medical school are accepted, 25% higher than the national average.

STUDENT INVOLVEMENT

The Hiatt Career Center hosts 9 major career and industry nights each year, including an Industry Night/Case Challenge and a Virtual Career Fair in Biotech, Health, and Science.

There are over 260 active student-run clubs on campus, including the Emergency Medical Corps, Pre-Health Society, Pre-Dental Society and Pre-Veterinary Society.
