Invest some of what you earn today for what you plan to accomplish tomorrow.

Brandeis University offers a generous University contribution, outstanding convenience, and a variety of investment options. Take a look and see what a difference enrolling in the plan could make in achieving your goals.

**Benefit from:**

**University contributions.** The Brandeis University 403(b) Plan helps your contributions grow through a generous University contribution—it’s like getting “free” money. Please note that University contributions are subject to your plan provisions. Take advantage of this great benefit today!

**Retirement planning tools.** You have access to online tools designed to help you manage your assets as you plan for retirement.

**Convenience.** Your contributions are automatically deducted regularly from your paycheck.

**Tax savings now.** Your pretax contributions are deducted from your pay before income taxes are taken out. This means that you can actually lower the amount of current income taxes you pay each period. It could mean more money in your take-home pay versus saving money in a taxable account.

**Tax-deferred savings opportunities.** You pay no taxes on any earnings until you withdraw them from your account, enabling you to keep more of your money working for you now.

**Portability.** You can roll over eligible savings from a previous employer into this Plan. You can also take your plan vested account balance with you if you leave the company.

**Investment options.** You have the flexibility to select from investment options that range from more conservative to more aggressive, making it easy for you to develop a well-diversified investment portfolio.

**Online beneficiary.** With Fidelity’s Online Beneficiaries Service, you can designate your beneficiaries, receive instant online confirmation, and check your beneficiary information virtually any time.

Frequently asked questions about your Plan.

Here are answers to questions you may have about the key features, benefits, and rules of your Plan.

When can I enroll in the Plan?
All regular faculty who are scheduled to work part time or more and all regular staff scheduled to work part time or more for not less than 39 weeks per year are eligible to participate in the Basic Retirement Plan upon completion of one year of service and attainment of 21 years of age. The one year of service requirement may be waived for employees who were employed for at least one year in a part-time position or more at a higher education institution immediately preceding their date of employment at Brandeis (up to three months’ lapse in time between prior employment and Brandeis employment is allowed). University and employee required contributions are defined below. Because enrolling in the plan is voluntary, employees must apply for this benefit. Employees may delay participation; however, University contributions begin as of the date of employee participation and will not be made retroactive to the date of initial eligibility.

How do I enroll in the Plan?
You can enroll online or via paper enrollment. Regardless of which option you choose, you will still need to complete a Salary Reduction Agreement which is located at the back of this brochure and return it to your Benefits Office.

Online Enrollment:
- Visit www.netbenefits.com/brandeis and click Enroll.
- Choose either the Brandeis University Defined Contribution Retirement Plan for Faculty, Professional and Admin Staff or the Brandeis University Defined Contribution Retirement Plan for Nonexempt Employees paid hourly.
- Click Enroll Now and follow the prompts to complete your enrollment.
- Be sure to also complete the Salary Reduction Agreement at the back of this brochure and return it to your Benefits Office.

**How do I designate my beneficiary?**
If you have not already selected your beneficiaries, or if you have experienced a life-changing event such as a marriage, divorce, birth of a child, or a death in the family, it’s time to consider your beneficiary designations. Fidelity’s Online Beneficiaries Service, available through Fidelity NetBenefits®, offers a straightforward, convenient process that takes just minutes. Simply log on to NetBenefits® at www.netbenefits.com/brandeis and click Your Profile at the top of the page, then Beneficiaries. If you do not have access to the Internet or prefer to complete your beneficiary information by paper form, please call Fidelity at 1-800-343-0860.

**How much can I contribute?**
Through automatic payroll deduction, you can contribute from 1% to 100% of your eligible pay on a pretax basis, up to the annual IRS dollar limits.

**What is the IRS contribution limit?**
The IRS contribution limit for 2016 is $18,000.

**Does the University contribute to my 403(b) Plan?**
Employees are required to contribute either 3% or 5%, based on their status, and will receive a University contribution. Please see the chart on the previous page for specifics.

If you are not eligible for University contributions because you have not met the eligibility requirements, or if you would like to contribute more than the required 3% for nonexempt employees paid weekly, or 5% for exempt employees paid twice a month, you may do so by contributing voluntary contributions to the Plan. These contributions must be in compliance with the limits set by the IRS and will not receive a matching contribution from the University. You may change the amount of contributions four times a year. (Note: All regular faculty, staff, and postdoctoral associates who are not eligible to participate in the Basic Retirement Plan may contribute on a voluntary basis to the Plan.)

**What are my investment options?**
To help you meet your investment goals, the Plan offers you a range of options. You can select a mix of investment options that best suits your goals, time horizon, and risk tolerance. The various investment options available through the Plan include conservative, moderately conservative, and aggressive funds. A complete description of the Plan’s investment options and their performance, as well as planning tools to help you choose an appropriate mix, are available online at Fidelity NetBenefits®.

**Lifecycle.** The plan offers a lifecycle fund family that offers a blend of stocks, bonds, and short-term investments within a single fund. The lifecycle funds have an asset allocation based on the number of years until the fund’s target retirement date. Lifecycle funds are designed for investors expecting to retire around the year indicated in each fund’s name. The investment risk of each lifecycle fund changes over time as each fund’s asset allocation changes. The funds are subject to the volatility of the financial markets, including that of equity and fixed-income investments in the U.S. and abroad, and may be subject to risks associated with investing in high-yield, small-cap, commodity-linked, and foreign securities. Principal invested is not guaranteed at any time, including at or after the funds’ target date.

**What if I don’t make an investment election?**
We encourage you to take an active role in the Brandeis University 403(b) Plan and choose investment options that best suit your goals, time horizon, and risk tolerance.

If you do not select specific investment options in the Plan, your contributions will be invested in one of the Vanguard Target Retirement Funds Investor Shares, at the direction of Brandeis University.

**When am I vested?**
When you are “vested” in your savings, it effectively means that the money is yours to keep. You are always 100% vested in all contributions you make to your plan, as well as any earnings on them.
**Does the Brandeis University 403(b) Plan allow loans?**

Loans are currently unavailable in the Brandeis University 403(b) Plan with Fidelity Investments. You may be eligible for a loan with TIAA-CREF under a GSRA account. Please contact TIAA-CREF directly for more details by calling 1-800-842-2776.

**Can I make withdrawals from my account?**

Withdrawals from the Plan are generally permitted if you terminate your employment, retire, reach age 59½, or if you become permanently disabled or have severe financial hardship as defined by your Plan.

The taxable portion of your withdrawal that is eligible for rollover into an individual retirement account (IRA) or another employer’s retirement plan is subject to 20% mandatory federal income tax withholding, unless it is rolled directly over to an IRA or another employer plan. (You may owe more or less than you file your income taxes.) If you are under age 59½, the taxable portion of your withdrawal is also subject to a 10% early withdrawal penalty, unless you qualify for an exception to this rule. To learn more about and/or to request a withdrawal, log on to Fidelity NetBenefits® at www.netbenefits.com/brandeis or call the Fidelity Retirement Service Center at 1-800-343-0860. The plan document and current tax laws and regulations will govern in case of a discrepancy. Be sure you understand the tax consequences and your plan’s rules for distributions before you initiate a distribution. You may want to consult your tax advisor about your situation.

**Can I move money from another retirement plan into my Brandeis University 403(b) Plan?**

If you wish to consolidate your account assets into your Brandeis University 403(b) Plan, please be sure to complete the Transfer/Rollover Form at the back of this brochure and return it to Fidelity Investments. The investments are managed to gradually become more conservative over time. The investment risks of each target date investment change over time as its asset allocation changes. They are subject to the volatility of the financial markets, including equity and fixed income investments in the U.S. and abroad and may be subject to risks associated with investing in high yield, small cap and foreign securities. This spectrum, with the exception of the Domestic Equity category, is based on Fidelity’s analysis of the characteristics of the general investment categories of the investment options and not on the actual security holdings, which can change frequently. Investment options in the Domestic Equity category are based on the options’ Morningstar categories as of 04/30/2016. Morningstar categories are based on a fund’s style as measured by its underlying portfolio holdings over the past three years and may change at any time. These style calculations do not represent the investment options’ objectives and do not predict the investment options’ future styles. Investment options are listed in alphabetical order within each investment category. Risk associated with the investment options can vary significantly within each particular investment category, and the relative risk of categories may change under certain economic conditions. For a more complete discussion of risk associated with the mutual fund options, please read the prospectuses before making your investment decision. The spectrum does not represent actual or implied performance.

VRS Code: 44384

- Weighted average maturity (WAM) is the weighted average of all the maturities of the securities held in a fund. WAM for money market funds can be used as a measure of sensitivity to interest rate changes. Generally, the longer the maturity, the greater the sensitivity. WAM for money market funds is based on the dollar-weighted average length of time until principal payments must be paid, taking into account any call options exercised by the issuer and any permissible maturity shortening devices, such as demand features and interest rate resets. For bond funds, WAM can be used as a measure of sensitivity to the markets. Generally, the longer the maturity, the greater the sensitivity. The WAM calculation for bond funds excludes interest rate resets and only takes into account issuer call options if it is probable that the issuer of the instrument will take advantage of such options.

2. SELECTION OF INVESTMENT OPTIONS

In whole percentages please indicate how you wish to have your contributions allocated to the investment options you have selected. Check with your employer as to which options are available for investment under your plan. Please select investment options that are available under your plan and ensure your allocations total 100%. If you would like to select more than four investment options, please write the fund code, fund name, and allocation percentage on a separate sheet of paper and attach it to your account application. The fund code can be found on the front side of each prospectus. If you do not complete Section 2 correctly all or a portion of your contributions may be deposited in a default fund as determined by the 403(b) Custodial Account Agreement or by rules determined by the employer.

3. DESIGNATING YOUR BENEFICIARY(IES)

You are not limited to two primary and two contingent beneficiaries. To assign additional beneficiaries, please attach, sign, and date a separate piece of paper. You may revoke the beneficiary designation and designate a different beneficiary by submitting a new Beneficiary Designation form to Fidelity. When designating beneficiaries, please use whole percentages and be sure that the percentages for each group of beneficiaries (primary and contingent) total 100%. Your primary beneficiary cannot be your contingent beneficiary. If you designate a trust as a beneficiary, please include the trust's name, trust address, the date the trust was created, and the trustee's name. If more than one person is named and no percentages are indicated, payment will be made in equal shares to your primary beneficiary(ies) who survives you. If a percentage is indicated and a primary beneficiary(ies) does not survive you, the percentage of that beneficiary's designated share shall be divided among the surviving primary beneficiary(ies) in proportion to the percentages selected.

4. SPOUSAL CONSENT

Spousal Consent: If you are married, your plan requires that you designate your spouse as primary beneficiary for at least 50% of your vested account balance, payable in the form of a preretirement survivor annuity. If you are married and you do not designate your spouse as your primary beneficiary for your account balances as described above, your spouse must sign the Spousal Consent portion of this form in the presence of a notary public or a representative of the plan. Age 35 Requirement: Your spouse must be the primary beneficiary of your account as described above unless your spouse consents to a different primary beneficiary. If this designation occurs prior to the first day of the plan year in which you attain age 35, this designation is void on the earlier of (a) the first day of the plan year in which you attain age 35, or (b) the date of separation from service. When this designation is voided, your spouse will become the beneficiary for the amount described above. If you wish to designate a different primary beneficiary at that time you will need to complete a new Beneficiary Designation form.

8. YOUR SIGNATURE

By signing this form:

- I hereby direct the investment provider identified on this form in Section 2 to liquidate the designated amount of the account(s) listed on this form, and to release the proceeds to my account under my employer's plan, except to the extent my current employer or any of my former employers prohibit such release. - I direct Fidelity to treat all monies as pretax contributions made subsequent to 12/31/88 unless my prior investment provider provides Fidelity with account balances as of 12/31/88 and post-1988 salary reduction contributions.
