**Heller-Brown G46 computer lab**  
*(TEC classroom – level B)*  
This room utilizes a ceiling-mounted projector, focused on a wall-mounted electric screen.

### Displaying Video or Computer Sources

1. At the Instructor Station. Push DOWN on the black system controller to access controls. Touch the screen to begin.  
2. Press the **PC** (or any **source**) button to turn on the display system. The projector will take over a minute to warm up.  
   **No controls will function during warm up.**  
3. After the warm up, you can select any source using the appropriate buttons. *(Buttons illuminate when active.)*  
   **It’s recommended to wait a few seconds between input selections.**  
   - Press the **PC** button to display the installed Instructor PC.  
     There are courtesy USB ports on the front of the Instructor PC or on a USB extender near the monitor.  
   - Press either the **LAPTOP HDMI** or **VGA** button to activate laptop connectivity, selecting either HDMI or VGA. Both cables are provided at the instructor station.  
     **Users must provide their MAC & DisplayPort adapters.**  
   - Press the **BLU-RAY/DVD** button to select the BluRay/DVD player. A disc control page will appear on the touch panel allowing you to control the player.  
   - The **AUX AV** button activates front rack-panel inputs, allowing you to connect external video devices, such as a VHS player or camcorder. If in need of a VHS player, contact Media Technology Services (MTS: 781-736-4635) to request a temporary unit.  
     Legacy VHS stock is declining, and this is based on inventory availability.  
4. **INSTRUCTOR PC LOGON:** ***Use your UNET name and password, in the USERS domain.***  
5. **Laptops going wireless may be logged securely to Eduroam using your UNET address and password, or to the unsecure guest network, using a personal email address.** **Open a browser to access the log on process.**  
6. The **IMAGE MUTE**, **AUTO-IMAGE** and **ASPECT RATIO** buttons allow further adjustment of images on the screen.

### Audio Controls

1. Press the **SOURCE VOLUME** ^ (up), **VOLUME v** (down) and **MUTE** buttons to control levels.  
2. If microphones are connected, press **MIC VOLUME** and these same buttons become microphone level controls, for those recording or sending to an Assisted Listening Device.  
   Revert back to **SOURCE VOLUME** for device level control.

### Playing Audio through the system

1. Audio discs and files will play through the **PC**, your laptop / tablet, or the **DVD player**. Press the source button for your chosen device.  
2. You can also play audio by connecting your portable player to the stereo (3.5mm) connector on the rack panel, and pressing **AUX AV**, followed by pressing the **AUX AUDIO/iPOD** button.

### When Finished

Press **SYSTEM OFF**, and confirm by pressing **POWER DOWN**. Be sure the projector shuts off with its 90 second cool down process.
