Industrial Outreach

D. Kim, S. Fraden, M. Heymann
Brandeis University

D. Comeau, J. Biggins
Albright Technologies

Supported by Brandeis MRSEC 0820492

Albright Technologies: Leominster, MA
17 years in business; 20 employees

Injection molding masters currently cost $100k

Brandeis MRSEC assisted in developing rapid prototyping manufacturing technology for microfluidic injection molded thermoplastics based on photolithography, thereby reducing cost by several factors!
