For Summer 2017, Brandeis will host 60 ninth graders from the Escola Beit Yaacov Jewish day school in Sao Paulo, Brazil.

While at Brandeis, the students engage in a fun, rigorous program of learning and exploring. Programming includes courses, creative workshops, travel around the Boston area, and educational games and activities.

Duties of this position include:

• Working with the staff team to create engaging, creative educational programming;
• Taking a lead role in facilitating educational programming;
• Helping the Program Coordinator ensure that program logistics flow smoothly;
• Working with teachers from Brazil to promote effective communication and educational partnership;
• Living in the dorms with the participants (in a private room), and helping maintain a staff presence in the dorms, dining hall and around campus.

The ideal Educator will:

• Have completed at least Junior year of college;
• Be experienced in program development and facilitation of educational content;
• Have experience in a residential supervisory role (such as camp counselor);
• Be comfortable with diverse cultures and belief systems;
• Be experienced and comfortable working with teens, even in challenging situations;
• Be ready to work hard, have fun and learn a lot!

The Brandeis Precollege Program work environment is intense, challenging, supportive and rewarding. We believe that summer educators come to grow and learn as much as teen participants do.

The program will run from June 23, 2017 to July 5, 2017, including staff orientation and debrief. Compensation includes pay as well as full room and board for the duration.

To inquire about this position, please fill out our employment inquiry form on the Brandeis Precollege Programs website.
