In order to gain a deeper understanding of the exposures that occur in the nail salons, the Environmental Health and Justice JBS ("Justice Brandeis Semester") at Brandeis University, in collaboration with a local community group (Viet-AID), and the Boston Public Health Commission, conducted a study that assesses nail salon workers’ exposure to specific volatile organic compounds. The results of this study and the lessons learned will be presented.

All are encouraged to attend!

Boston Public Health Commission
1010 Massachusetts Ave, 2nd floor
Boston, MA 02118
