Brandeis University Pertaining to Religious Observance

November 9

In constructing the academic calendar, religious holy days will not be the sole factor in determining days on which classes will be held or suspended. It is the policy of the university, however, that students be encouraged to observe their appropriate religious holy days; that instructors strive to facilitate this by allowing absence from classes for such purposes and by trying to ensure that no

examinations, written reports, oral reports, or other mandatory class assignments are scheduled for or due on such holy days; and that instructors provide ample opportunities for such students to make up work missed on such occasions without penalty. Jewish holidays begin at sundown of the previous evening and end at nightfall of the day listed.
