Who We Are and Where We Are Located

Student Employment is located within the Office of Student Financial Services (SFS). We assist supervisors and students in all aspects of on-campus student employment and off-campus Federal Work-Study employment. We are located on the second floor of the Usdan Student Center. Our office is open Monday through Friday from 9 a.m.- 5 p.m.

Immigration Reform and Control Act of 1986

The Immigration Reform and Control Act requires that employers verify the identity and work eligibility of every employee hired after November 6, 1986, whether a citizen or non-citizen.

In order to comply with this Federal regulation, all students who intend to work on campus will be required to present identification to the Office of Student Financial Services. International Students will be asked to show their I-94 and their I-20/DS 2019 in addition to their passport.

You cannot begin to work until you have completed the Form I-9 (Employment Eligibility Verification) and have presented the appropriate identifying documents to the Office of Student Financial Services.

On-Campus Employment

Who is eligible for on-campus employment?

- Both domestic and international undergraduate and graduate students.

You must be:

- Matriculated in a Brandeis degree program.
- Enrolled in and attending courses at least half-time.
- Be able to provide appropriate documentation to satisfy the requirements of Form I-9 (Federal Employment Eligibility Verification) and have a valid Social Security Number in order to work on campus.

You are also eligible if you are:

- A Ph.D. candidate who has completed coursework but is still enrolled full-time while completing your dissertation.

2010 BRANDEIS UNIVERSITY STUDENT EMPLOYMENT HANDBOOK

For Students

- An Undergraduate student who has completed your Brandeis BA or BS program and is matriculated in a Brandeis MA or Ph.D. program for the subsequent semester.
- A student matriculated in the MAT program . You can work on campus during the summer semester while enrolled in classes but may not work on campus while performing the required internship during the regular academic year.

Who is NOT eligible for on-campus employment?

You are not eligible if you:

- Have graduated, withdrawn, taken a leave of absence, or are studying abroad
- Are enrolled in Graduate Professional Studies, BOLLI or another continuing education program
- Are a non-degree seeking student

What are Federal Work-Study (FWS) and University Employment?

- If you were awarded a FWS or University Employment allotment as part of your financial aid package, you are given priority for jobs until October 1. These programs do not guarantee job placement.
- If you were not awarded such an allotment, you are not eligible to seek employment until after October 1.

Federal Work-Study is a work program for U.S. citizens and permanent residents, funded by the federal government and Brandeis University. You must file the FAFSA and meet federal eligibility requirements to be considered for FWS.

If eligible for FWS funds:

- You will be assigned an allotment in your financial aid package that designates the amount of money that you may earn on campus during the academic year.
- The current balance of your allotment will be printed on your timesheet each week.
- If you wish to request an increase at any time, please contact your financial aid counselor in the Office of Student Financial Services to see if you are eligible.
- You must reapply for financial aid each year to be considered for FWS.
- All wages must be reported as taxable income on your state and federal income tax returns.
- Only wages earned in non-FWS employment will be used in determining your financial aid eligibility for the next year.

University Employment is a work program for international students, funded solely by Brandeis University.

- University Employment is awarded to eligible undergraduate international students and, occasionally, to eligible undergraduate domestic students, as part of their financial aid package.
- Although some on-campus employers may only hire FWS students, most positions are available to students funded by either employment program.

The Employment Process for Students

How to Obtain a Job on Campus

- Attend the Job Fair hosted by the Office of Student Financial Services at the beginning of each academic year.
- Additional on-campus jobs are posted all year long at: www.brandeis.edu/sfs/jobs/oncampus.html
- If you have additional questions, or difficulty finding a job, you should contact the Office of Student Financial Services.

** You may not begin work at any campus job until all of the forms required for employment have been submitted to, and approved by, the Office of Student Financial Services.*

On-Campus Job Registration Procedures

You must follow these procedures to successfully complete the employment process:

1. Obtain the following forms from the Office of Student Financial Services or at www.brandeis.edu/sfs/:
 - Form I-9 (Federal Employment Eligibility Verification)
 - Brandeis University New Hire/Rehire Form for Hourly Students
 - Form W-4 (can be completed on BUSS at <https://pay.brandeis.edu/>)
 - Foreign National Information Form (for International Students)

** You must write your name on all forms as it appears on your Social Security card. You should have your Social Security card ready to show Student Financial Services when you submit these forms.*

2. Complete Form I-9.

- A. You are required to fill out section 1, and provide the Office of Student Financial Services with the original documents required to complete section 2. We cannot accept photocopies! (For a list of acceptable documents, see the back of the Form I-9) .

- B. After an SFS representative completes Section 2 you will be issued an Employment Eligibility Card (the “blue” card).

For Students

C. You must show this card to your supervisor before you fill out the New Hire/Rehire Form.

3. Complete the New Hire/Rehire Form

A. Complete the Student section and ask your supervisor to complete the Supervisor section of the form.

B. Show your supervisor your blue card, they will not complete the form without it!

C. Both you and your supervisor are required to sign the bottom of the form.

D. You and your supervisor should each retain a photocopy of this form and **RETURN THE ORIGINAL TO SFS.**

** This is the form that puts your job in the payroll system! If you do not return the completed form to SFS, you will not receive time sheets and you will not get paid.*

4. Complete Direct Deposit registration and a W-4 on the BUSS website at <https://pay.brandeis.edu/>. Please see “Instructions for BUSS Payroll Services” on page 10.

A. This authorizes Brandeis University to deposit your paycheck directly into your bank account, eliminating the need for you to deposit your paycheck in person.

B. Direct Deposit is strongly encouraged for all employees.

C. If you have any questions regarding direct deposit, please visit the Payroll Office at 60 Turner Street or call x64476.

After this paperwork is completed and processed, your supervisor will print weekly time sheets for you. Please fill out your time sheet every time you work!

International Students

- All students must have a valid Social Security Number (SSN) before they are authorized to begin working. You must also be enrolled as a full-time student and be registered in SEVIS to apply for an SSN.
- International students may work up to 20 hours per week during the academic semesters and up to 40 hours per week during Winter Break and summer vacation.
- For taxation purposes you must complete the Foreign National Information Form. You should bring your original passport, with I-94 attached, and your original I-20 or DS-2019 to SFS to do so.
- If you are on a J-1 visa you must also provide a letter from your sponsor indicating the type of work and number of hours you are approved for. This must be done before you can complete the I-9 or W-4.

To Obtain a Social Security Number

You can apply for a social security number 12 days after you enter the U.S. in your current visa status by doing the following:

1. Obtain a job offer from an on-campus employer.
 - A. Complete the International Student Employment form with your employer
Please bring this form to the International Students and Scholars Office (ISSO) in Kutz Hall, room 215.
2. In two business days, the ISSO will provide you with a letter of support that is required for your SSN application.
3. Please take the ISSO letter and your visa documents (I-20 or DS-2019, I-94 card, and passport) to the Social Security Office in Waltham, located at 50 Prospect St., Second Floor.
4. Once you receive an SSN, you must complete Form I-9 and Form W-4 in the Office of Student Financial Services before you may begin working. You must bring your Social Security Number, Passport, and all visa documents with you to complete Form I-9.
5. Please inform the ISSO of your SSN so that they may update your records.

When these forms are complete and processed, your supervisor will provide you with weekly time sheets. Please fill out your time sheet every time you work.

The Rehire Process

- All positions are assumed to last one academic year, unless otherwise stated.
- If you and your supervisor are satisfied with your employment, you may be rehired for the same position without new paperwork at the start of each academic year.
- Please discuss whether or not you would like to return to your position in the fall with your supervisor before you leave for the summer.

Summer Employment

- If both you and your supervisor are satisfied with your employment and department funds are available, you may continue your current job during the summer.

- Your supervisor has the option of paying you an additional \$1.00/hr in the summer. This decision is left up to the individual department.
- You may also start a new job during the summer by following the same procedure listed above for obtaining any on-campus job.

Graduated students may not continue working as student employees after Commencement. Any student asked to remain in their position following graduation must be hired through Human Resources.

Off-Campus Federal Work-Study Employment

- Undergraduate students with Federal Work-Study may work at an approved off-campus agency through the Brandeis Student Employment Program. The agency must be willing to pay 36% of your wages on a monthly basis.
- The employer must be a nonprofit agency and provide proof of 501(c)(3) status.
- Not all employers with 501(c)(3) will meet the eligibility criteria and students may not begin working prior to approval by the Office of Student Financial Services and completion of all required documents.
- Students are especially encouraged to seek off-campus jobs involving community service activities.

This includes jobs in:

- literacy training, health care, childcare, education (including tutorial services), welfare, social services, transportation, housing and neighborhood improvement, public safety, crime prevention and control, recreation, rural development, and community improvement.
- Once your FWS allotment is reached, you must stop working at the agency through the Student Employment program. You can continue to work as an employee of the agency independently if they so choose. You can not become a volunteer in the same position, it is against FWS regulations.

Off-Campus Job Registration Procedures

We require all students and eligible agencies to complete a Federal Work-Study Program Off-Campus Agency Agreement. You must follow the steps outlined below before beginning a job at any off-campus federal work-study agency. Brandeis University is not responsible for payment of hours worked at an agency that has not been formally approved by the Office of Student Financial Services as a designated off-campus federal work-study agency.
