

**Brandeis University Graduate School of Arts and Sciences
Estimated Cost of Attendance
2009-2010**

The cost of attendance includes necessary expenses for a student enrolled in graduate school. These are fixed costs, estimates of living expenses, transportation and books and health insurance. Each year this budget is revised due to the changes in tuition, living expenses, books, supplies, and other miscellaneous expenses. Living expenses are based on the Bureau of Labor Statistics moderate cost of living budget for the Boston area.

The estimated Cost of Attendance for 2009-2010 is provided as a guide. The university reserves the right to change its charges at any time. The 2009-2010 actual Cost of Attendance will be issued upon request when it becomes available and posted on the GSAS web site.
