Registration

Because the calendar of the Summer Program is compressed, deadlines and procedures are quite different from those of an academic year semester. Before signing this form, all students, and Brandeis students in particular, should be sure to read the change of status, refund, withdrawal, and class cancellation policies on the Summer Program website carefully. Summer School Staff are available to answer any questions you may have.

Students who wish to withdraw, change courses or change status within a course must do so in accord with the Summer Program calendar. Registrants who do not do so are liable for full tuition and fees. There are no exceptions to these policies.

In signing this form I confirm that I have taken opportunity to read the important sections cited above, understand them, and accept registration as a student at Brandeis University subject to all academic, financial and other regulations promulgated by the University and in effect during this term. You may review these policies on-line at:
