

Application for the Biochemistry Four-year B.S./M.S. Program

Name:

Sage ID number:

Semester (Fall or Spring) and year entered Brandeis:

Research Advisor:

Biochemistry Department Advisor (if different from above):

Student: Please supply the following information about your plans for fulfilling the requirements for the B.S./M.S. program:

1. Please fill out the bottom worksheet portion of a [major change request form](#) to outline your plans for completing the course requirements for the BS/MS. Include the required four semesters (16 credits) of research courses (Bchm 99/150). (Only three semesters/12 credits are required for students who first enrolled at Brandeis prior to August, 2015.)
2. I have completed/will complete the required **full-time** (i.e., no concurrent course work) summer research residency lasting at least **ten weeks** during the summer of year _____ working under the supervision of Prof. _____.
3. I have carefully calculated the **total number of credits** that I anticipate having completed at the end of my fourth year at Brandeis to be: _____ (must be 152 or greater).
4. I am aware that I will not receive an M.S. degree unless my thesis is judged to be acceptable. Students whose theses are judged unacceptable will be automatically considered for the B.S. Senior Honors Program.
5. I am aware that the B.S./M.S. degree requires at graduation a GPA of 3.00 or better in the sciences and mathematics, and grades of B- or better in all courses used for the major.

Student Signature: _____ Date: _____

Research Advisor: The above student is currently doing research under my supervision and is making acceptable progress on their research project. I approve the student's plan for future Bchm 99, Bchm 150, and summer research.

Advisor Signature: _____ Date: _____

UAH Approval: _____ Date: _____
