Independent Auditor's Report

RSM US LLP

Board of Trustees Brandeis University

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Brandeis University (the University), which comprise the balance sheet as of June 30, 2023, the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the University as of June 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or error, and design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about the University's ability to continue as a going concern for a reasonable
 period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited the University's June 30, 2022 financial statements, and we expressed an unmodified opinion on those audited financial statements in our report dated October 31, 2022. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2022, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The financial responsibility ratio supplemental schedule as required by Title 34 U.S. *Code of Federal Regulations* Part 668, *Student Assistance General Provisions*, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the financial responsibility ratio supplemental schedule are fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2023, on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

Notes to Financial Statements

June 30, 2023 (with comparative information for June 30, 2022)

(In thousands of dollars)

(1) Organization

Brandeis University (the University) is a private, not-for-profit, nonsectarian, co-educational institution of higher education with approximately 5,300 full-time equivalent undergraduate and graduate students. Established in 1948, the University offers educational programs for undergraduates in liberal arts and sciences, and graduate education and training in the arts and sciences, business, social policy and management.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The University's financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP). The financial statements have been prepared to focus on the University as a whole and to present balances and transactions based on the existence or absence of donor-imposed restrictions, as follows:

Without donor restrictions: net assets not subject to donor stipulations restricting their use, but may be designated for specific purposes by the University or may be limited by contractual agreements with outside parties. Such net assets may be designated by the Board of Trustees (the Board) for specific purposes, including to function as endowment.

With donor restrictions: net assets subject to donor stipulations that restrict the purpose and usage or contain a time restriction, which may be perpetual. These net assets are released from restrictions when the specified time elapses or actions have been taken to meet the restrictions. As further described in note 14, the University is subject to the Massachusetts Uniform Prudent Management of Institutional Funds Act (UPMIFA), under which donor-restricted endowment funds may be appropriated for expenditure by the Board in accordance with the standard of prudence prescribed by UPMIFA. Net assets of such funds in excess of their historic dollar value are classified as donor restricted until appropriated by the Board and spent on their intended purpose. In addition, net assets with donor restrictions includes donor-restricted endowment funds with underwater valuation. Life income trusts and contributions receivable for which the ultimate use is restricted by the donor or inherently time restricted are also reported as net assets with donor restrictions.

For comparison purposes, the 2023 statement of activities has been presented with 2022 summarized comparative information in total but not by net asset class. This summarized 2022 information is not intended to and does not include sufficient detail to constitute a complete presentation of changes in net assets in conformity with GAAP. Accordingly, such information should be read in conjunction with the University's financial statements for the year ended June 30, 2022, from which the summarized information was derived.

(b) Liquidity Information

In order to provide information about liquidity, assets have been sequenced in the balance sheet according to their nearness to conversion to cash, and liabilities have been sequenced according to the nearness of their maturity and resulting use of cash.

Notes to Financial Statements

June 30, 2023 (with comparative information for June 30, 2022)

(In thousands of dollars)

(c) Cash and Cash Equivalents

For purposes of the statement of cash flows, cash and cash equivalents, except those held as long-term investments, or funds held by bond trustee, consist of bank deposits, certificate of deposits, money market funds and investments with original maturities of three months or less at the date of purchase. The University maintains its cash in bank deposit accounts, which, at times may exceed federally insured limits. The University has not experienced losses in such accounts and does not believe it is exposed to any significant credit risk on cash and cash equivalents.

(d) Fair Value

Investments and funds held in trust by others are reported at fair value in the University's financial statements. Fair value represents the price that would be received upon the sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants as of the measurement date. GAAP establishes a fair value hierarchy that prioritizes inputs used to measure fair value into three levels:

- Level 1 quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities;
- Level 2 observable prices that are based on inputs not quoted in active markets, but corroborated by market data; and
- Level 3 unobservable inputs are used when little or no market data is available.

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. In determining fair value, the University utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. Certain investments meeting defined criteria are reported at their net asset value (NAV), which is used as a practical expedient to estimate their fair values, and these investments are not categorized in the fair value hierarchy.

(e) Funds Held in Trust by Others and Other Assets

Funds held in trust by others (FHITBO) are perpetual trusts held in perpetuity by external trustees, as specified by the donors, and are reported by the University at fair value based on the underlying assets held by the trust. These assets are considered to be Level 3 within the fair value hierarchy. Trust income is distributed at least annually to the University in accordance with the terms of the trusts and is recorded as investment income. Changes in the fair value of the trusts are recorded as increases or decreases to net assets with donor restrictions and are included in net investment return (loss). The University had \$11,372 and \$9,683 of FHITBO as of June 30, 2023 and 2022, respectively. Other assets include prepayments, inventories, and deferral of qualifying cloud computing arrangement implementation costs.

(f) Leasing

The University determines if an arrangement is a lease at inception. The University has both leases under which it is obligated as a lessee and leases for which it is a lessor. Finance leases are included in property, plant, and equipment, operating leases are included in right of use assets, and the related lease obligations in the balance sheet.

Notes to Financial Statements

June 30, 2023 (with comparative information for June 30, 2022)

(In thousands of dollars)

Lease right-of-use assets represent the University's right to use an underlying asset for the lease term. Lease obligations represent the University's liability to make lease payments arising from the lease. Operating and finance lease right-of-use assets and related obligations are recognized at commencement date based on the present value of lease payments over the lease term. To determine the present value of lease payments, the University made an accounting policy election to utilize a risk-free borrowing rate, which is aligned with the lease term at the lease commencement date. The value of an option to extend or terminate a lease is reflected to the extent it is reasonably certain management will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term. Interest expense is recognized as a component of the lease payment for finance leases.

Rental income arising from operating leases as a lessor is included in operating revenue in other sources in the statement of activities.

(g) Property, Plant, and Equipment

Property, plant, and equipment are stated at cost less accumulated depreciation. Depreciation is computed on a straight-line basis over the estimated useful lives of land improvements (18 years), buildings (60 years), building systems and improvements (18–50 years), equipment and furnishings (5–15 years), software (5 years), and leases (3–5 years).

Costs incurred in connection with construction projects are accumulated in construction in progress until complete and placed into service at which time the cost is transferred to the respective asset class and depreciation begins.

Expenses for the repair and maintenance of facilities are recognized during the period incurred. Betterments, which add to the value of the related assets or materially extend the lives of the assets, are capitalized.

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that their carrying value may not be recoverable. When events or changes in circumstances indicate an asset may not be recoverable, the impairment loss recognized is the amount by which the asset's net carrying value exceeds its estimated fair value. As of June 30, 2023 and 2022, no impairment indicators were identified.

(h) Other Long-Term Liabilities

Other long-term liabilities include liabilities associated with asset retirement obligations arising from regulatory requirements to perform certain asset retirement activities, primarily asbestos removal, at or prior to disposal of certain property. As of June 30, 2023 and 2022, the estimated liabilities were \$6,160 and \$6,011, respectively. In addition, the University carries a liability related to refundable advances received under the Federal Perkins Loan Program (the Program) as discussed in note 6. As of June 30, 2023 and 2022, those liabilities were \$1,362 and \$1,717, respectively.

Other long-term liabilities also include liabilities associated with gift annuities and charitable remainder trusts, as discussed in note 2(i).

Notes to Financial Statements

June 30, 2023 (with comparative information for June 30, 2022)

(In thousands of dollars)

(i) Charitable Remainder Trusts

The University is the beneficiary of a number of gift annuities and charitable remainder trusts, which are included in long-term investments on the balance sheet. The University initially recognizes a contribution as well as an interest in the underlying investment from which a specified amount, or percentage, of the fair value of the trusts' assets is paid to the donor or named beneficiary each year. Actuarial methods are used to calculate that portion of the investment representing the present value of the liability to the donor and that portion representing the contribution. Net contribution revenue recognized under such agreements was \$175 and \$392 for the years ended June 30, 2023 and 2022, respectively.

The fair value of interests in gift annuities and charitable remainder trusts is based on quoted market prices of underlying investments, which amount to \$20,821 and \$21,730 for the years ended June 30, 2023 and 2022, respectively.

The fair value of the liability on gift annuities and charitable remainder trusts is based on present value techniques and assumptions including life expectancy and estimated rate of return. Liabilities to the donors are recorded at the present value of the estimated future payments to be distributed over the life of the donor or named beneficiary, which amount to \$9,236 and \$9,625 for the years ended June 30, 2023 and 2022, respectively. These liabilities are valued on a recurring basis and are considered to be Level 2 within the fair value hierarchy.

(j) Revenue Recognition

Revenues are reported as an increase in net assets without donor restrictions, unless they are limited by donor-imposed restrictions. Expirations of donor-restrictions are reflected in the statement of activities as net assets utilized in operations or net assets released for capital purposes. Net realized gains (losses) from the sale or other disposition of investments and the change in unrealized appreciation (depreciation) of investments are reported as revenue without donor-restrictions, unless restricted by donor-imposed stipulations or law.

Revenue is recognized when or as the University satisfies performance obligations by rendering promised goods or services.

Tuition, student fees, residence hall and dining revenues are recorded as revenue when the related services are rendered during the academic year, which falls within the fiscal year. Payments are generally required to be received in advance of the academic term and are recorded as student deposits and deferred revenue. Tuition and student fees received for courses that cross fiscal years are prorated in accordance with the number of days of instruction. Other auxiliary enterprise revenues are recognized when the goods or services are provided.

(k) Contributions and Sponsored Programs

Contributions with and without donor restrictions are reported as increases to net assets. Contributions include unconditional promises (contributions receivable) that are reported at present value of expected cash flows, net of an allowance for uncollectable contributions receivable. Contributions of noncash assets are recorded at fair value on the date of the contribution.

Notes to Financial Statements

June 30, 2023 (with comparative information for June 30, 2022)

(In thousands of dollars)

Contributions without donor restrictions and contributions with donor restrictions for which time or purpose restrictions have been met are reclassified to operating activities as net assets utilized in operations, unless the purpose is capital in nature. For the years ended June 30, 2023 and 2022, net assets utilized in operations include \$18,913 and \$18,556 of net assets released from restrictions, respectively. Contributions for capital purposes are reported as nonoperating activities and released from restriction when the related asset is placed into service.

Grants and contracts awarded by federal and other sponsors, which generally are considered nonexchange transactions restricted by sponsors for certain purposes, are recognized as revenue when qualifying expenditures are incurred or other conditions under the agreements are met. The University has elected the simultaneous release policy, which allows a not-for-profit organization to recognize a restricted contribution directly in net assets without donor restrictions if the restriction is met in the same period that the revenue is recognized.

Federal and other sponsored grants and contracts may be subject to fiscal funding clauses or annual appropriations. Conditional awards related to Federal and other sponsored programs of \$75,090 and \$67,265 as of June 30, 2023 and June 30, 2022, respectively, are not recorded in the financial statements.

(I) Allocation of Expenses

The statement of activities presents operating expenses by natural classification. Note 4 displays a matrix of operating expenses by both natural and functional categories. Depreciation, amortization, interest, and operation of plant expenses are allocated to functional expense categories on the basis of square feet utilized.

(m) Fundraising Expenses

Fundraising expense was \$11,255 and \$12,333 for the years ended June 30, 2023 and 2022, respectively, and is classified as institutional support in note 4.

(n) Income Taxes

The University is a not-for-profit organization as described in Section 501(c)(3) of the Internal Revenue Code, as amended (the Code), and is generally exempt from income taxes pursuant to Section 501(a) of the Code. The University is required to assess uncertain tax positions and has determined that there were no such positions that are material to the financial statements.

(o) Collections

Collections at Brandeis University are protected and preserved for public exhibition, education, research and the furtherance of public service. Collections are not capitalized and contributions of collections are not recognized as contribution revenue. Sales and purchases of collection items are reported as nonoperating revenue and expenses in the University's financial statements in the period in which the items are sold or acquired, respectively. The proceeds from the sale of collection items, if any, are used for the acquisition of new artwork.

Notes to Financial Statements

June 30, 2023 (with comparative information for June 30, 2022)

(In thousands of dollars)

(p) Nonoperating Activities

Nonoperating activities reflect all contributions, transactions of a long-term investment or capital in nature, investment return net of appropriations for current operational support in accordance with the University's endowment spending policy, collection of artwork, and other net asset changes resulting from transactions that do not arise from or currently affect operations, including one-time non-structural costs.

Other changes in the non-operating section of statement of activities include Federal Emergency Management Agency (FEMA) reimbursements for COVID-19 costs.

(q) Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates, and the differences may be material.

(r) Related-Party Transactions

Members of the Board and senior management may, from time to time, be associated either directly or indirectly with companies doing business with the University. The University has a written conflict of interest policy that requires each individual to certify compliance with such policy on an annual basis as well as disclose any potential related-party transactions. When such a relationship exists, measures are taken to mitigate any actual or perceived conflict, including requiring that such transactions be conducted at arms' length, with terms that are fair and reasonable to and for the benefit of the University. As of June 30, 2023 and 2022, there were no material related party transactions identified. The University has \$1,552 and \$1,331 in unsecured related party contributions receivables as of June 30, 2023 and 2022, respectively.

(s) Subsequent Events

The University evaluates subsequent events for potential recognition or disclosure through October 27, 2023, the date in which the financial statements were issued.

(3) Tuition and Fees, Residence Hall and Dining Revenues

Revenue from tuition and fees, residence halls, and dining services is reflected net of reductions from institutional student aid and is recognized as the services are provided over the academic year, which generally aligns with the University's fiscal year. Such revenue is determined based on published rates for such services, less scholarships and financial aid awarded by the University to qualifying students. Aid in excess of a student's tuition and fees is reflected as a reduction of residence hall and dining charges. Generally, disbursements made directly to students for living or other costs are reported as an expense.

Notes to Financial Statements

June 30, 2023 (with comparative information for June 30, 2022)

(In thousands of dollars)

As of June 30, such revenue at the published rates and financial aid is as follows:

		2023		2022
Tuition and fees	\$	296,830	\$	289,720
Less scholarships and financial aid		(116,963)		(115,028)
Tuition and fees, net		179,867		174,692
Residence hall and dining		50,334		46,341
Tuition and fees, residence hall and dining revenues	¢	220.201	¢	001 000
Tevenues	2	230,201	\$	221,033

Revenues recognized in the year ended June 30, 2023 and 2022, that were included in student deposits and deferred revenue in prior years are \$7,596 and \$5,960, respectively.

(4) Analysis of Expenses

Expenses by functional and natural classification for the year ended June 30, 2023 consist of the following:

	Ins	struction	Sponsored Programs				Student Services		Auxiliary Enterprises		Institutional Support		 Total
Compensation	\$	85,645	\$	29,146	\$	29,626	\$	19,163	\$	4,488	\$	29,954	\$ 198,022
Employee benefits		21,357		6,218		7,474		4,448		1,114		5,834	46,445
Utilities and general repairs		4,070		2,741		1,872		2,949		6,337		2,438	20,407
Depreciation		6,080		4,139		2,703		4,325		9,128		3,401	29,776
Interest		1,898		1,292		896		1,350		2,849		1,462	9,747
Supplies, services, and other		16,559		15,876		17,041		8,985		19,310		19,492	 97,263
Total	\$	135,609	\$	59,412	\$	59,612	\$	41,220	\$	43,226	\$	62,581	\$ 401,660

Expenses by functional and natural classification for the year ended June 30, 2022 consist of the following:

	Ins	struction	Sponsored Programs				_	Student Services		Auxiliary Enterprises		Institutional Support		Total
Compensation	\$	84,265	\$	27,452	\$	29,452	\$	15,895	\$	4,006	\$	29,733	\$	190,803
Employee benefits		23,122		5,983		7,792		3,786		1,010		6,048		47,741
Utilities and general repairs		4,127		2,767		1,878		2,958		6,324		2,450		20,504
Depreciation		6,009		4,074		2,651		4,249		9,018		3,391		29,392
Interest		1,959		1,328		864		1,385		2,940		1,106		9,582
Supplies, services, and other		14,601		21,090		14,850		7,720		20,330		8,744		87,335
Total	\$	134,083	\$	62,694	\$	57,487	\$	35,993	\$	43,628	\$	51,472	\$	385,357

The University's primary programs are instruction and sponsored programs. Expenses reported as academic support, student services, and auxiliary enterprises are incurred in support of these primary program activities.

Notes to Financial Statements

June 30, 2023 (with comparative information for June 30, 2022) (In thousands of dollars)

(5) Accounts Receivable

The composition of accounts receivable as of June 30 is as follows:

		2022			
Student receivables	\$	3,154	\$	2,759	
Sponsored program receivables		11,818		16,279	
Other		6,790		6,958	
		21,762		25,996	
Less allowance for doubtful accounts		(825)		(992)	
Accounts receivable, net	\$	20,937	\$	25,004	

Accounts receivable balances are periodically reviewed to estimate an allowance for doubtful accounts. Management estimates the allowance based on a review of historical experience and specific characteristics associated with the individual receivables.

(6) Notes Receivable

The composition of notes receivable as of June 30 is as follows:

		 2022	
Federal Perkins loan program	\$	1,217	\$ 1,619
University student loan programs		6,557	 7,031
		7,774	8,650
Less allowance for doubtful loans		(4,024)	 (3,922)
Notes receivable, net	\$	3,750	\$ 4,728

Notes receivable under the Program are funded by the U.S. government and University funds and are subject to significant restrictions. The Program has ended and a portion of the amounts are generally refundable to the U.S. government.

Notes to Financial Statements

June 30, 2023 (with comparative information for June 30, 2022)

(In thousands of dollars)

(7) Contributions Receivable

The composition of contributions receivable as of June 30 is as follows:

		2022			
Amounts due in:					
Less than one year	\$	8,717	\$	10,093	
Between one and five years		11,660		10,075	
More than five years		100		400	
Gross contributions receivable		20,477		20,568	
Less:					
Allowance for unfulfilled contributions		(1,031)		(1,822)	
Discount, at rates from 0.29% to 4.13%		(795)		(220)	
Contributions receivable, net	\$	18,651	\$	18,526	

Unconditional promises to give are periodically reviewed to estimate an allowance for doubtful collections. Management estimates the allowance based on a review of historical experience and a specific review of collection trends that differ from the plan on individual accounts. Adjustments to the allowance are charged to contribution revenues. An account is considered uncollectible when all collection efforts have been exhausted.

As of June 30, 2023, and 2022, over 75% of the University's gross contributions receivable was due from fifteen and ten donors, respectively.

(8) Long-Term Investments

The investment objective of the University is to invest its assets in a prudent manner to achieve a long-term rate of return sufficient to fund academic programs and university initiatives in accordance with the Board's approved spending policy. The University diversifies its investments among asset classes by incorporating several strategies and managers. Major investment decisions are authorized by the University's Trustee Investment Committee (Investment Committee) that oversees the University's investments.

In addition to equity and fixed income investments, the University may also hold shares or units in institutional funds and alternative investment funds involving hedged and private equity strategies. Hedged strategies involve funds whose managers have the authority to invest in various asset classes at their discretion, including the ability to invest long and short. Funds with hedged strategies generally hold securities or other financial instruments for which a ready market exists, and may include stocks, bonds and securities sold short and often require the estimation of fair values by the fund managers in the absence of readily determinable market values. Because of the inherent uncertainties of valuation, these estimated fair values may differ significantly from values that would have been used had a ready market existed, and the differences could be material. Such valuations are determined by fund managers and generally consider variables such as operating results, comparable earnings multiples, projected cash flows, recent sales prices, and other pertinent information, and may reflect discounts for the illiquid nature of certain investments held. Long-term investments also include assets associated with gift annuities and charitable remainder trusts.

Notes to Financial Statements

June 30, 2023 (with comparative information for June 30, 2022)

(In thousands of dollars)

Investments are reported at estimated fair value. If an investment is held directly by the University and an active market with quoted prices exists, the market price of an identical security is used as the reported fair value. Reported fair values for shares in registered mutual funds are based on share prices reported by the funds as of the last business day of the fiscal year. The University's interests in alternative investment funds are generally reported at NAV reported by fund managers, which are used as a practical expedient to estimate the fair value of the University's interests therein, unless it is probable that all or a portion of the investment will be sold for an amount different from NAV. As of June 30, 2023 and 2022, the University had no plans or intentions to sell investments at amounts different from NAV. Registered mutual funds are classified in Level 1 of the fair value hierarchy.

The University's long-term investments at June 30, 2023 are summarized in the following table by strategy and, as applicable, their fair value hierarchy classification:

		Investments measured Investments classified in fair value hierarchy

(a) Investment Liquidity

Hedge funds and global equity are redeemable at NAV under the terms of subscription agreements and/or partnership agreements. Investments with daily liquidity generally do not require any notice prior to withdrawal. Investments with monthly, quarterly or annual redemption frequency typically require notice periods ranging from 30 to 180 days. The following tables present the University's long-term investments by their availability for the next 12 months following June 30:

		June 30, 2023										
		Daily	Monthly		Qua	arterly	y Annual		Illiquid		Total

Total	\$	140,030	\$ 3	33,048	\$ (63,557	\$ 2	24,934	\$7	67,192	\$	1,228,761

Investments categorized as illiquid include lock-ups with definite expiration dates, restricted shares, side pockets, or private equity and real asset funds where the University has no liquidity.

Notes to Financial Statements

June 30, 2023 (with comparative information for June 30, 2022)

(In thousands of dollars)

The University has certain investments with a fair value of \$64,277 at June 30, 2023 that have restricted redemptions for lock-up periods. Some of the investments with redemption restrictions allow earlier redemption for specified fees. The expiration of redemption lock-up period amounts are summarized in the table below:

Fiscal year	 Amount		
2024	\$ 27,262		
2025	7,642		
2026	28,408		
2027	 965		
Total	\$ 64,277		

(b) Commitments

Private credit, private equity, and real asset investments are generally made through limited partnerships. Under the terms of these agreements, the University is obligated to remit additional funding periodically as capital is called by the manager. These partnerships have a limited existence, generally between ten and fifteen years, and provide for annual one-year extensions after the initial contract period for the purpose of systematically liquidating portfolio positions and returning capital to the investors. However, depending on market conditions, the inability to execute the fund's strategy, and other factors, a manager may extend or reduce the term of a fund from that which was originally anticipated. As a result, the timing and amount of future capital calls expected to be exercised in any particular future year is uncertain. The aggregate amount of unfunded commitments associated with global equities, real assets, and private equity investments as of June 30, 2023 was \$6,571, \$89,318, and \$142,964, respectively.

(c) Derivatives

The endowment employs certain derivative financial instruments to replicate asset positions more cost effectively than through purchases or sales of the underlying assets.

As a result of entering into investment derivative agreements, the University is subject to market volatility consistent with the underlying asset classes. The University has established policies, procedures, and internal controls governing the use of derivatives.

The purchase and sale of exchange-traded derivatives require collateral deposits with the Futures Commission Merchant (FCM). Collateral is posted and moved on a daily basis as required by the rules of the exchange on which the derivatives are traded. In the event of the FCM's insolvency, recovery may be limited to the University's pro-rata share of segregated customer funds available. It is possible that the recovery amount could be less than the total cash or other collateral posted. The collateral is generally in the form of debt obligations issued by the U.S. Treasury or cash. Cash collateral and certain securities owned by the University were held at counterparty brokers to collateralize these positions and are included in long-term investments on the balance sheet. As of June 30, 2023 and 2022, the aggregate notional exposure on long-term assets was (\$84,379) and (\$76,927), respectively. The associated unrealized loss on these assets was (\$2,678) and (\$726), respectively, as of June 30, 2023 and 2022. The notional amount of these derivatives is not recorded on the University's financial statements.

Notes to Financial Statements

June 30, 2023 (with comparative information for June 30, 2022)

(In thousands of dollars)

(9) Property, Plant, and Equipment

The composition of property, plant, and equipment as of June 30 is as follows:

	 2023	2022		
Land and land improvements	\$ 49,703	\$	49,400	
Buildings	210,225		210,225	
Building systems and improvements	464,487		452,293	
Equipment, furnishings, and software	162,493		154,219	
Leased vehicles and other equipment	 3,601		3,068	
	 890,509		869,205	
Less accumulated depreciation	(567,201)		(540,058)	
Construction in progress	 27,973		22,714	
Property, plant, and equipment, net	\$ 351,281	\$	351,861	

Depreciation expense amounted to \$29,776 in 2023 and \$29,392 in 2022. Operation and maintenance expenses amounted to \$26,756 in 2023 and \$25,566 in 2022.

(10) Financial Assets and Liquidity Resources

As of June 30, financial assets and other liquidity resources available within one year for general expenditures as defined by the University and representing operating expenses, scheduled principal payments on debt, and capital construction costs, were as follows:

	 2023	 2022		
Financial assets:				
Cash and cash equivalents	\$ 46,742	\$ 55,236		
Accounts receivable, net, due within one year	20,937	25,004		
Notes receivable, net, due within one year	656	703		
Scheduled contributions receivable payments, net,				
available for operations	2,288	1,530		
Funds held by bond trustee	-	1,672		
Subsequent year's Board-approved endowment draw	67,182	 66,170		
Total financial assets available within one year	\$ 137,805	\$ 150,315		

The University's working capital and cash flows have seasonal variations during the year attributable to tuition billing and a concentration of contributions received at calendar and fiscal year ends. To manage liquidity, the University has other liquidity resources including \$70,000 in bank lines of credit as described in note 12. In addition, the quasi endowment of \$106,526 can be made available for general expenditures with approval from the Board, subject to investment liquidity provisions.

Notes to Financial Statements

June 30, 2023 (with comparative information for June 30, 2022) (In thousands of dollars)

The University's principal payment obligations as of June 30, 2023 are as follows:

Fiscal Year	 Amount			
2024	\$ 11,656			
2025	12,050			
2026	12,619			
2027	13,213			
2028	14,011			
Thereafter	 171,088			
	\$ 234,637			

Interest expense for the years ended June 30, 2023 and 2022 was \$8,928 and \$9,417, respectively. There were no capitalized interest costs in 2023 and 2022.

Bond indentures require the maintenance of certain financial covenants which, among other restrictions, require the University to maintain an annual debt service coverage ratio of not less than 1.2 to 1.0 and a liquidity ratio of not less than 50%.

(12) Line of Credit

The University has a \$35,000 line of credit with JPMorgan Chase Bank, N.A. at an interest rate of Adjusted Term Secured Overnight Financing Rate (SOFR) plus 65 basis points. The Adjusted Term SOFR is equal to the Term SOFR plus 10 basis points. This agreement expires on March 14, 2024. The University also maintains a \$35,000 line of credit with Eastern Bank at an interest rate of Adjusted SOFR plus 95 basis points. The Adjusted SOFR is equal to SOFR plus 11 basis points. This agreement expires on May 1, 2025. As of June 30, 2023 and 2022, there were no borrowings against either line of credit.

(13) Net Assets with Donor Restrictions

Net assets with donor restrictions by major category is as follows as of June 30:

Detail of net assets	 2023	 2022		
Restricted contributions	\$ 31,571	\$ 33,363		
Contributions receivable, net	18,651	18,526		
Endowment	1,103,708	1,091,275		
Student loans	2,605	2,709		
Life income and annuity funds	12,941	12,873		
Funds held in trust by others	11,372	9,683		
Physical plant and other	515	978		
Unexpended endowment income	13,146	12,768		
Total net assets with donor-imposed restrictions	\$ 1,194,509	\$ 1,182,175		

Net assets with donor-imposed restrictions provide support for instruction, scholarships, auxiliary programs, library, research, capital, and other programmatic purposes.

Notes to Financial Statements

June 30, 2023 (with comparative information for June 30, 2022)

(In thousands of dollars)

(14) Endowments

The University's endowment is pooled for investment purposes and consists of approximately 2,000 individual funds established for a variety of purposes. The endowment consists of both donor-restricted funds managed in accordance with applicable law and donor intent, as well as funds designated by the Board to operate as endowment (quasi-endowment).

If the fair value of an individual donor restricted endowment fund balance falls below its corpus, that fund is considered to be "underwater." As of June 30, 2023 and 2022, funds with a corpus of \$31,265 and \$16,837 were "underwater" by \$1,557 and \$1,122, respectively.

The University follows the provisions of UPMIFA. State law allows the Board to appropriate the endowment funds as is prudent taking into consideration the University's long-term and short-term needs, present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.

The endowment investment objectives are to maximize risk-adjusted returns over a long-term horizon and to achieve its objectives by having a strategy of investing in multiple asset classes. In order to meet the primary investment goals for endowment funds, the average annual net total return over an extended period, after adjusting for inflation, is deemed sufficient to support the spending rate as determined by the Board. To have a reasonable probability of achieving the Fund's primary investment goal at an acceptable risk level, the Investment Committee has adopted a long-term asset allocation policy.

Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. Donor-restricted amounts reported below include gifts donated to the endowment, term endowments and appreciation.

Notes to Financial Statements

June 30, 2023 (with comparative information for June 30, 2022) (In thousands of dollars)

Endowment and quasi-endowment funds consist of the following at June 30:

			2023

(15) Retirement Plans

The University participates in defined contribution plans providing retirement benefits for substantially all full-time and regular part-time employees. Under the programs, the University makes monthly contributions, currently 6%–10% of the annual eligible wages of participants, up to defined limits. University contributions are subject to the participants meeting the minimum employee contributions, age, and service requirements. Additional voluntary contributions by participants are made subject to statutory limits. The University's contribution to the plans totaled \$11,921 and \$11,828 in 2023 and 2022, respectively.

(16) Contingencies

The University is involved in legal cases that have arisen in the normal course of its operations. The University believes that the outcome of these cases will not have a material adverse effect on the financial position of the University.

The University participates in a self-insured health insurance captive (the "Captive") in order to manage its health insurance costs. Claim amounts for any one individual up to \$300 are covered within a self-funded retention and paid for by the University. Claim amounts exceeding \$300 are shared and paid by the Captive. Management believes that any liability arising from this contingency would not be material to the University's financial position. As of June 30, 2023 and 2022, the University had estimated liabilities, included in accounts payable and accrued liabilities on the balance sheet, for claims incurred but not reported of \$1,746 and \$1,646, respectively. Total premium and self-funded retention costs under the program were \$16,143 and \$19,063 for the years ended June 30, 2023 and 2022, respectively.

amounts presented in the financial statements or related notes, many of which are direct ratio inputs. In other cases (e.g., pre- and post-inputs), the ratio inputs derive from or are related to GAAP-basis amounts but are not required in GAAP-basis financial statements.

Note to the Supplementary Schedule of Financial Responsibility Data As of and for the year ended June 30, 2023

(In thousands of dollars)

Note to the Supplementary Schedule of Financial Responsibility Data

Brandeis University participates in federal Title IV student financial assistance programs, which require it to meet standards of financial responsibility based on criteria determined by the U.S. Department of Education (ED), as set forth in 34 CFR 668.171. The criteria for private institutions include the annual calculation by ED of a financial responsibility composite score, as further outlined in 34 CFR 668.172, using audited financial statements submitted through ED's eZ-Audit system. The composite score has been and will continue to be based on three ratios: Primary Reserve, Equity, and Net Income. These ratios utilize the following financial data of the Institution, which are not otherwise presented in the financial statements, as of and for the year ended June 30, 2023:

Required input per standards	Ratio(s) Uses	Input Amount	Related financial statement amount not used as input on supplementary schedule
Property, plant and equipment, net - pre-implementation	Primary reserve	243,909	(
Property, plant and equipment, net - post-implementation	Primary reserve	79,399	(
Construction in progress - reconciling item from Note 9	Primary reserve	27,973	(

Notes to Schedule of Expenditures of Federal Awards

Fiscal Year Ended June 30, 2023

(1) Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) summarizes the expenditures of Brandeis University (the University) under programs funded by the federal government for the year ended June 30, 2023. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the University, it is not intended to and does not present the financial position, changes in net assets or cash flows of the University.

For purposes of the Schedule, federal awards include all grants, contracts and similar agreements entered into directly between the University and agencies and departments of the federal government and all subawards passed through to the University by nonfederal organizations pursuant to federal grants, contracts and similar agreements. The Schedule also denotes awards passed through from the University to other non-federal subrecipient organizations.

(2) Significant Accounting Policies

Expenditures for direct costs are recognized as incurred using the accrual basis of accounting and cost accounting principles of the Uniform Guidance. Under these cost principles, certain types of expenditures are not allowable or are limited as to reimbursement. Expenditures also include a portion of costs associated with general University activities (facilities and administrative costs) which are allocated to awards under negotiated formulas commonly referred to as facilities and administrative cost rates (Note 3). Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

(3) Facilities and Administrative Cost Rates

The University elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance. The University has approved predetermined facilities and administrative cost rates effective through fiscal year June 30, 2023 for on-campus and off-campus sponsored research program activities. The base rates in effect for the year ended June 30, 2023 were 62.5% for on-campus research and 26.0% for off-campus research. The rates for other federally sponsored programs were 33.9% for on-campus programs and 26.0% for off-campus programs. Facilities and administrative cost recoveries are reported as part of federal expenditures on the Schedule.

(4) Federal Student Financial Assistance

Perkins Loan Program

The Perkins Loan Program listed below is administered directly by the University, and balances and transactions relating to this program are included in the University's financial statements. Loan activities and balances consist of the following for the year ended June 30, 2023:

Balance as of July 1, 2022	Loans issued	Payments received and other changes	Balance as of June 30, 2023
\$ 1,619,085	\$ –	\$ 402,687	\$ 1,216,398

Notes to Schedule of Expenditures of Federal Awards

Fiscal Year Ended June 30, 2023

As required by the Uniform Guidance, the amount shown on the Schedule as expenditures for the Perkins Loan Program is equal to the balance outstanding at July 1, 2022. The University is continuing to service loans under the Perkins programs; however, no new loans were made subsequent to September 30, 2017. There was no administrative cost allowance recovered for the year ended June 30, 2023.

Federal Direct Loans

The University distributed \$16,548,538 of federally guaranteed loans to students of the University through the Federal Direct Loan Program (Assistance Listing Number 84.268), which includes Direct Subsidized and Unsubsidized Loans, and Direct Parent Loans for Undergraduate Students. These distributions and the related funding sources are not included in the University's financial statements.

RSM US LLP

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed In Accordance with *Government Auditing Standards*

Independent Auditor's Report

Board of Trustees Brandeis University

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (Government Auditing Standards), the financial statements of Brandeis University (the University), which comprise the University's balance sheet as of June 30, 2023, and the related statements of activities and cash flows for the year then ended, and the related notes to the statements, and have issued our report thereon dated October 27, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

RSM US LLP

Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Independent Auditor's Report

Board of Trustees Brandeis University

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Brandeis University's (the University) compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2023. The University's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the University's federal programs.

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the University's internal control over compliance relevant to the audit in
 order to design audit procedures that are appropriate in the circumstances and to test and report on
 internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of
 expressing an opinion on the effectiveness of the University's internal control over compliance.
 Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficience, yet and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficience, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the University as of and for the year ended June 30, 2023, and have issued our report thereon dated October 27, 2023, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.
