Undergraduate Room & Board License Agreement 2020-2021

The undersigned student (henceforth referred to as “the Licensee”) hereby requests assignment to a Brandeis University residence hall for the full academic year commencing on the assigned hall’s opening date and ending on the hall’s closing date (noon on the day after the last final exam or by noon on the day after commencement for graduating seniors and graduate students). All halls except those apartments with independent kitchen facilities are closed for winter break between fall and spring semesters, which begins at noon on the day after the last final exam and ends on the assigned hall’s opening date. Students withdrawing from housing for the spring semester must vacate their assignment by noon on the day after the last final exam of fall semester. Failure to vacate housing at the appropriate time will result in an administrative fee of $50.

I understand that all first-year students are required to reside on campus for their first academic year and all mid-year students are required to reside on campus for their first semester. An exception will be granted only to those students living at home with their parent(s) or guardian(s).

I agree to pay for the room I am assigned and the meal plan that I choose. I agree to make timely payments and understand that late payments will result in a hold on my registration. In all cases, full payment is required prior to occupancy.

If I enter a University residence assignment after the beginning of the semester, I understand that I am responsible for paying housing and meal plan charges prorated from the date of my entry through the end of the academic year.

I understand that I will receive my room key and access to the residence halls and meal plan only after my payment in full of the semester’s housing and meal plan charges, and I agree that my assigned room space and meal plan are not transferable to any other person.

The assignment of residence space is a revocable license for student occupancy and does not involve a tenancy of any kind and may be revoked by the University.

I understand that moving into a space that I am not assigned to is a violation and can result in a fine or removal from housing. I understand that in suite-style spaces the Department of Community Living reserves the right to fill any vacancies without prior notification or approval of the current occupants of the suite.

I understand that the residence hall room may not be available to me prior to the assigned hall’s opening date. I understand that if I want to arrive early to the residence hall room I need to request early arrival from the Department of Community Living. I understand that the Department of Community Living reserves the right to approve or deny early arrival requests. I understand that there may be a fee associated to an early arrival request and that I am responsible for paying that fee.

I understand that smoking in a university residence hall is a violation of Rights and Responsibilities and I can be removed from housing for smoking in the residence halls.

Room Assignment Changes

The Licensee agrees to strictly follow all procedures outlined in Rights and Responsibilities for room changes and room transfers.

1. Licensees reassigned to rooms of a different rate will be charged or refunded on a prorated basis computed upon the percentage of days remaining in the semester. In the event a vacancy should occur, each remaining room/suite/apartment occupant shall accept the roommate assigned by the University in accordance with established University procedures outlined in Rights and Responsibilities.

2. Renovations to certain residence halls, including specific rooms may take place during the term of this license, requiring the movement of the Licensee from their room, whereupon the University shall provide alternate living arrangements within its residence system. Licensees reassigned to rooms of a different rate may be refunded appropriately on a prorated basis and may be required to select a meal plan if the area to which they are reassigned to requires one.

3. A licensee may be reassigned to a different space for the purposes of consolidation or to meet other assignment needs as determined by the Department of Community Living or designee. In addition, reassignment may be necessary pending disciplinary proceedings as listed in Rights and Responsibilities. The Licensee’s account may be adjusted accordingly based on reassignment. Reassignment may also require the Licensee to select a different meal plan if the area to which they are reassigned to requires a more comprehensive meal plan.

4. In order to receive a refund or credit for the residence hall or meal plan charges in line with the sections on termination of this license, the Licensee’s room key and meal card must be presented to the Department of Community Living in Usdan Student Center and the Campus Card Office in Kutz Hall, respectively. No refunds will be made for any change in status during the final 6 weeks of any semester.
