

Brandeis is committed to transparency and to providing our community with timely information while protecting the privacy of our students, faculty and staff. All Brandeis data in this dashboard are updated between 4 p.m. and 7 p.m. each weekday. Information about testing reflects data from the previous day. Isolation and quarantine numbers are current at the time of posting.

Comparative Data

7-Day Average of Positive Test Rate (as of 10/22)

Location	7-Day Average of Positive Test Rate
Brandeis	0.03%
Massachusetts	1.41%

Brandeis Data

Individuals Tested and New Positives

Week	Tests Collected	Individuals Tested	New Faculty/Staff Tested Positive	New Students Tested Positive
9/27/2020	5117	3214	1	2
10/4/2020	5916	3507	0	2
10/11/2020	5809	3488	0	1
10/18/2020	4491	3200	1	1

Most recent week reflects tests collected through 10/22

Total Tests and Individuals Tested

Group	Total Tests Collected	Unique Individuals Tested
Faculty/Staff	12599	1533
Student	40452	3234

Isolation and Quarantine

Students in Isolation	Students in Quarantine
1	8

- Students in **isolation** are those who have tested positive for SARS-CoV-2.
- Students in **quarantine** are those who have been identified through contact tracing as a close contact of someone who has tested positive for SARS-CoV-2.
