

## MASTER OF SCIENCE IN FINANCE (MSF)

---

At Brandeis International Business School, we believe in the power of business for global good.

An MSF degree from the International Business School equips students to succeed in financial careers around the world. Students will engage with rigorous modeling and conduct complex financial and predictive analyses, gaining hands-on experience that prepares them for roles in asset management, transfer pricing, corporate finance and valuation, FinTech and risk management.

## **PROGRAM OPTIONS**

### **9 MONTHS**

Two semesters of coursework, including a required field project, designed for candidates with a finance background and relevant work experience.

### **16 MONTHS**

Three semesters of coursework, including a required internship or field project. Candidates can hone their skills by selecting one of four concentrations.

## **CONCENTRATIONS**

Students in the 16-month program can select one of the following concentrations.

### **ASSET MANAGEMENT**

Evaluate investment opportunities, quantify risks and craft strategic plans around financial assets.

### **FINTECH**

Transform companies and disrupt business practices through data-driven innovations that are reshaping the nature of financial services.

### **CORPORATE FINANCE AND VALUATION**

Make financial decisions that drive business performance with career opportunities in consulting, transfer pricing, venture capital and more.

### **RISK MANAGEMENT**

Uncover, analyze and respond to organizational and marketplace risks in a program that partners with the Global Association for Risk Professionals (GARP).

## **APPLICATION DEADLINES**

**NOVEMBER 1**

**JANUARY 15**

**MARCH 1**

**APRIL 15**

## **SCHOLARSHIPS**

100% of admitted students are automatically considered for generous scholarships as part of the application process.
