Brandeis University

Non-Degree and Special Students Instructor Approval Form

This form must be signed by each instructor whose course you are interested in taking. Alternatively, the instructors can email Carrie Robertson at carrob@brandeis.edu indicating that you are welcome to take their course. You must still complete this form without the instructor's signature and turn it in along with the Non-Degree Special Student Application.

If you are interested in taking more than two courses, please use an additional Instructor Approval Form to provide information about the additional courses.
