

ICNS Conference 2020

Lightning Talks

Title: A common oxytocin receptor (OXTR) gene polymorphism modulates the neural response to social misalignment

Author(s): Minwoo Lee, Adriana Lori, Nicole Langford, James K. Rilling

Affiliation(s): Emory University

Contact: minwoo.lee@emory.edu

Title: Can social anxiety be a social advantage? Examining an electrocortical index of mentalizing

Author(s): Martha Berg & Shinobu Kitayama

Affiliation(s): University of Michigan

Contact: bergmk@umich.edu

Title: Common and unique effects of HD-tDCS to the social brain across cultural groups

Author(s): Andrew K. Martin (1), Peter Su (2), & Marcus Meinzer (3)

Affiliation(s): The University of Kent (1), The University of Queensland (2), University of Greifswald (3)

Contact: a.martin-2440@kent.ac.uk

Title: Cultural Context Matters: The Emotion Suppression Effect of Interdependence is Stronger in Japan than the US

Author(s): Kongmeng Liew, Brian R. Kraus, Tominaga Hitoshi, Gen Nakao, Yukiko Uchida, & Shinobu Kitayama

Affiliation(s): Kyoto University, University of Michigan

Contact: liew.kml@gmail.com

Title: Culture Shapes Neural Responses to Interpersonal Rewards More Than to Monetary Rewards

Author(s): Elizabeth Blevins, Michael Ko, BoKyung Park, Yang Qu, Brian Knutson, & Jeanne Tsai

Affiliation(s): Stanford University, University of Texas at Dallas, Northwestern University

Contact: eblevins@stanford.edu

Title: Functional Connectivity Differs across Cultures
Author(s): Zhang, W.(1), Zhang, X.(1), Andrews-Hanna, J. (2), & Gutchess, A.(1)
Affiliation(s): (1)Brandeis University (2)University of Arizona
Contact: zhan1626@brandeis.edu

Title: Interdependent Self-Construal Predicts Increased Gray Matter Volume of Scene Processing Regions in the Brain
Author(s): Qinggang Yu (1), Anthony King (1), Carolyn Yoon (1), Israel Liberzon (2), Richard Davidson (3), Shinobu Kitayama (1)
Affiliation(s): University of Michigan (1), Texa A&M College of Medicine (2), University of Wisconsin Madison (3)
Contact: qinggang@umich.edu

Title: Investigating the apparent negligence of context for European Americans: A directional activation hypothesis
Author(s): Irene Melani and Shinobu Kitayama
Affiliation(s): University of Michigan
Contact: imelani@umich.edu

Title: Language and Cultural Orientation Influence Pain Processing in Spanish-English Bilinguals
Author(s): Morgan Gianola, Elizabeth Losin, & Maria Llabre
Affiliation(s): University of Miami
Contact: mgianola@miami.edu

Title: *Opposite Effects of Everyday Discrimination on Episodic Memory Level Versus Change Over 10 Years*
Author(s): Ian M. McDonough, DeAnnah R. Byrd, Danielle L. Beatty Moody, Mark A. Manning, Laura B. Zahodne
Affiliation(s): The University of Alabama, Wayne State University, University of Maryland-Baltimore County, Wayne State University School of Medicine, University of Michigan
Contact: immcdonough@ua.edu

Title: ORCA: A picture database of object-scene arrangements for cross-cultural neuroscientific research
Author(s): Michael Weigl (1), Jan Pietsch (1), Efsevia Kapsali (1), Qi Shao (2), Zhiwei Zheng (2), Juan Li (2), Jutta Kray (1), Axel Mecklinger (1)
Affiliation(s): (1) Saarland University, Germany; (2) Chinese Academy of Sciences
Contact: m.weigl@mx.uni-saarland.de

Title: Purpose in life predicts reduced daily stress among Americans, but not Japanese: An examination of diurnal cortisol profiles
Author(s): Tong Suo (1), Jiyoung Park (2), Shinobu Kitayama (1)
Affiliation(s): University of Michigan (1), University of Texas at Dallas (2)
Contact: tongsuo@umich.edu

Title: Self-enhancement and self-criticism in the United States and Taiwan: An electrocortical investigation
Author(s): Cristina Salvador, Brian Kraus, Aya Kamikubo, Mayumi Karasawa, Jon-Fan Hu and Shinobu Kitayama
Affiliation(s): University of Michigan, Northwestern University, Tokyo Woman's Christian University, National Cheng Kung University
Contact: csalvad@umich.edu

Title: Toward a general model of aesthetic appreciation
Author(s): Kohinoor Darda, Emily Cross
Affiliation(s): University of Glasgow, Macquarie University
Contact: kohinoor.darda@glasgow.ac.uk

Posters

Title: Culture and Spatial Frequency Impact Perceptual and Attentional ERP Components

Author(s): Tong Lin, Xin Zhang, Eric Fields, Robert Sekuler, Angela Gutchess

Affiliation(s): Brandeis University

Contact: tonglin@brandeis.edu

Title: Delineating the role of racial and developmental experience in emotional face processing: An ERP Study

Author(s): Caitlin M. Hudac (1), Megha Santhosh (2), Casey Celerian (2), Kyong-Mee Chung (3), Woohyun Jung (4), Sara Jane Webb (2,5)

Affiliation(s): University of Alabama (1), Seattle Children's Research Institute (2), Yonsei University (3), Chungbuk National University (4), University of Washington (5)

Contact: cmhudac@ua.edu

Title: Enhanced or impoverished recruitment of top-down attentional control of inhibition in test anxiety

Author(s): Hua Wei (1) & Renlai Zhou (1,2)

Affiliation(s): Southeast University (1), Nanjing University (2)

Contact: weihuawuzhi@163.com

Title: Intrusion into Awareness of Words Unconsciously Registered in Visual Working Memory

Author(s): Taylor Jancetic-Bidelman, Sabrina Bhangal, Amy Underwood Barton, Nelson Cowan, Fernando Valle-Inclán, & Steven Hackley

Affiliation(s): University of Missouri-Columbia

Contact: taylorjancetic@umsystem.edu

Title: Neighborhood Environment, Racial Background, and Social Threat Processing in Adolescence

Author(s): Nathan A. Jorgensen (1), Ethan M. McCormick (2), Keely A. Muscatell (1), Kristen A. Lindquist (1), Mitchell J. Prinstein (1), & Eva H. Telzer (1)

Affiliation(s): University of North Carolina at Chapel Hill (1), Rutgers University-Newark (2)

Contact: naj@live.unc.edu

Title: The Effect of Cultural Orientation and Ingroup Bias on Empathy
Author(s): Jimmy Yuan & Jennifer Gutsell
Affiliation(s): Brandeis University
Contact: jyuan@brandeis.edu

Title: The Effect of Culture on Load and Distractor Processing
Author(s): Ronda Lo & Joni Sasaki
Affiliation(s): York University
Contact: ronda.fe.lo@gmail.com
