I'm going to send her a link to the Hague Complaint Registry, but thought you all would want to see this.

Thank you for your sending us this information. We continually try to gather as much information about corruption and fraud as we can so we can take all appropriate measures to catch and prevent future fraud. If you would not mind, I'd appreciate it very much if you could send a few details about your adoption, specifically which agency you worked through and which orphanage the children came from. We have a complaint registry for adoption agencies that are U.S. Hague Accredited and can investigate claims without naming the families that report corruption or fraud. For agencies that are not U.S. Hague Accredited, we still compile information on any complaints we receive to try to investigate further. I'm happy to discuss any questions you might have in detail.

Regards,
