Spring 2022 | Regarding In-Person Instruction for Brandeis University

Dear Officer,

This letter is intended to confirm that instruction for graduate and undergraduate students will take place in-person at Brandeis University for the Spring 2022 semester. Brandeis University will continue to be open to all students, faculty, and staff when classes resume on January 18, 2022.

Due to the availability of flights and other travel restrictions, we anticipate some of our students may arrive later than 1/18/2022.

In-person teaching and a residential experience are key to a Brandeis education and we look forward to welcoming our incoming and continuing students on campus.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jodi Hanelt".

Jodi Hanelt, Principal Designated School Official and Responsible Officer
Executive Director of the International Students & Scholars Office (ISSO)
Brandeis University
Waltham, MA
