COURSE PLAN

Use the worksheet below to list the Politics courses you've already taken/the courses you plan to take to meet the [major/minor requirements](#). You can also see which courses meet each requirement under the "Courses of Instruction" section on that webpage. Note that this is not a binding list but rather the courses you plan to take if they are available at the times you wish to take them. You can always informally revise your courses within the framework of the major requirements. You don't need to resubmit this form if you change your planned courses.

	Semester I	Semester II	Summer
First Year			
Sophomore Year			
Junior Year			
Senior Year			

**NOTE: This is your major/minor advisor (not your academic advisor). It should be a professor in the Politics department. You can pick someone you've taken a class with or consult with the Undergraduate Advising Head for advice on an appropriate advisor. You do not need to ask the professor for permission to choose them, but feel free to email them to let them know!*
