

Massachusetts Water Resources Authority (MWRA) Boston, MA

Harbor Water Quality Data Intern, Charlestown Navy Yard (JVA#7132)

The MWRA Environmental Quality Department is seeking a Harbor Water Quality Data Intern to provide technical support to MWRA's harbor monitoring projects. Works under the supervision of a Program Manager.

Responsibilities

- Review and prepare harbor and beach water quality data for MWRA's website and printed reports as well as entry into MWRA's Oracle database.
- Assist in updating harbor water quality factsheets on MWRA's website.
- Assist in review and entry of harbor monitoring data.
- Graphical analysis of harbor data.
- Assist with QA/QC of historical wastewater quality data
- Test and evaluate data reporting applications.
- Assist in harbor filed data collection on an as-needed basis

Qualifications

- At least two years of college in an accredited degree program in science, environmental science, public health or engineering.
- Proficiency with Microsoft Word, Access and Excel. Experience with relational databases preferred.
- Some familiarity with statistics and GIS preferred.
- Ability to learn software for putting results on internet.
- Good communication skills required.

Other Information:

- Work Location: – MWRA – Boston, MA 100 First Ave. Bldg. 39
- Compensation: \$12.72-\$14.88 per hour based on education level.
- Work Schedule: Monday – Friday 8:00am – 4:00pm
- This is a 6 month internship (flexible)

How to Apply:

Applications are available online at www.mwra.com or from the Human Resources Department. Please submit a completed application along with a copy of your resume to:
