

Brandeis University
2022-2023 Sibling Enrollment Verification Form

Our records indicate that we determined your financial aid eligibility based on more than one eligible family member attending an undergraduate, post-secondary institution during the 2022-2023 academic year. It is the policy of the Office of Student Financial Services to verify the enrollment of each family member attending a post-secondary institution on at least a half- time basis during the 2022-2023 academic year. *Please complete the attached form and provide the required supporting documentation.* The completed form(s) must be received by the Brandeis University Office of Student Financial Services by October 7, 2022.

Who is an eligible family member in college?

A sibling, or other dependent of your parents, who is enrolled at least half-time in an undergraduate, degree or certificate program at another college.

Who is not an eligible family member in college?

- Your parent(s)
- A sibling who is enrolled as a graduate student, or who is otherwise considered to be independent for federal financial aid purposes
- A sibling who is enrolled in a military academy
- A sibling who is enrolled in college less than half time or is still in high school while attending college courses
- A sibling who is enrolled in a U.S. or international college that is not eligible for Title IV federal aid

What if a sibling previously reported as in college will not attend, will be enrolled less than half time, or the cost of the college is less than what was reported on my PROFILE?

If your sibling previously reported as attending college will not be enrolled for the 2022-2023 academic year, or will be enrolled less than half time, please indicate such on this form and return it to the Office of Student Financial Services. Please be advised that the financial aid package may be adjusted.

If the net cost of your sibling's college is less than what was originally reported on your PROFILE, this may affect the amount of the financial aid package due to the lesser cost of the program.

Impact on Financial Aid if Enrollment Form is Not Received by the Deadline

If enrollment is not verified by the **October 7, 2022** deadline, the result will be:

1. Recalculation of your financial aid eligibility and award for 2022-2023
2. Adjustments to your student account for any canceled or reduced financial aid disbursements
3. Immediate payment due for any canceled or reduced financial aid disbursements
4. Placement of a registration hold on your student account pending either receipt of the sibling enrollment verification form OR payment for any canceled or reduced financial aid disbursements.
