EDUCATION

Master of Arts in Computer Science
Brandeis University, Waltham, MA
Merit-Based Scholarship

May 20XX

Bachelor of Science in Computer Science,
University of British Columbia, Canada

May 20XX

TECHNICAL SKILLS

- Proficient with Java, C# and Visual Basic.NET
- Familiar with C++, Javascript, Python, and SQL.
- Knowledge of C, Assembly, Java Servlet programming, JSP, HTML

PROFESSIONAL EXPERIENCE

LiquidBits

Cambridge, MA

Software Developer Intern

May 20XX- Dec 20XX

- Worked as software developer and QA tester on a top tier mobile game app, Toppal Act 1 Hungry Bird
- Followed strict company guidelines and was involved in application development through final production.
- Used C# and Javascript to write part of the gameplay and GUI in Unity 3D game engine.
- Tracked and fixed bugs during the final phase of development; application previously ranked number one in 26 countries

PROJECT WORK

Brandeis University

Waltham, MA

Game Developer and Student Technology Researcher

Sep 20XX- May 20XX

- Launched a new venture with a five-person team, Lexicom - as part of a course project; "Empire of Words" combined gaming technologies with educational materials to help students increase their SAT verbal scores.
- Responsible for game development in Unity 3D game engine, and technology research. Developed a prototype for the game concept; the project was considered for funding by a Boston based Angel Investor.

Student Developer, Independent Study Project

Jan 20XX - May 20XX

- Exploited open source projects, to port 3D games developed on Blender, to Android devices as part of a four-person team. This particular porting process had not previously been used successfully.
- Presented results at NEUCS (New England Undergraduate Computing Symposium) 20XX

University of British Columbia

Vancouver B.C.,

Student Developer

Jan 20XX

- Built a multi-player game within 48 hours as part of a team
- Developed part of the gameplay and GUI section; ranked among the top 5 of over 30 participants at Vancouver Jam site

Langara College

Vancouver B.C., Canada

Computer Science Teaching Assistant

Spring 20XX

- Graded all students' assignments for VB.NET class.
- Gained a variety of testing techniques and basic debugging skills.
