Pearlman 113

## TEC classroom – level B)   No Access Codes Needed

This room utilizes a ceiling-mounted projector, focused on a wall-mounted pull down screen.

Displaying Video or Computer Sources

1. At the Instructor Station. Push DOWN on the black system controller to access controls. Touch the screen to begin.
2. Press the **PC (or any source)** button to turn on the display system. The projector will take over a minute to warm up. *No controls will function during warm up.*
3. After the warm up, you can select any source using the appropriate buttons. *(Buttons illuminate when active.)* *It's recommended to wait a few seconds between input selections.*
   - Press the **PC** button to display either the installed Instructor PC or a user-provided laptop. *There are courtesy USB ports on the front of the Instructor PC.* The vga cable is provided at the instructor station. *When PC/LAPTOP has been pressed, the system will auto-detect and switch to a properly connected laptop.*
   - Press either the **LAPTOP** button, **HDMI or VGA** depending on your cabling choice, to activate laptop connectivity. Cables are provided at the instructor station. *Users must provide their MAC & DisplayPort adapters.*
   - Press the **DVD** button to select the DVD player. A disc control page will appear on the touch panel allowing you to control the player.
   - The **AUX AV** button activates front rack-panel inputs, allowing you to connect external video devices, such as a VHS player or camcorder. If in need of a VHS player, contact MTS: (781- 736-4635) to request a temporary unit. *Legacy VHS stock is declining, and this is based on inventory availability.* **AUX AUDIO** allows you to connect iPod or similar media players.
   - Press the **WIRELESS MEDIA** button to activate wireless collaboration. Wireless Media allows students in your class to share their devices on the main screen once they've downloaded the app, by selecting a displayed IP address. **Training is available!**
4. INSTRUCTOR PC LOGON: ***Use your UNET name and password, in the USERS domain. ***
5. *Laptops going wireless may be logged securely to Eduroam using your UNET address and password, or to the unsecure guest network, using a personal email address. Open a browser to access the log on process.*
6. The **IMAGE MUTE**, **AUTO-IMAGE** and **ASPECT RATIO** buttons allow further adjustment of images on the screen

Audio Controls

1. Press the **SOURCE VOLUME ^ (up). VOLUME v (down)** and **MUTE** buttons to control levels. **5.1 Surround sound** will enable automatically as content requires it.
2. If microphones are connected, press **MIC VOLUME** and these same buttons become mic level controls for recording or ALD.

When Finished

Press **SYSTEM OFF**, and confirm by pressing **POWER DOWN**. *Be sure the projector begins to power off with its 90 second cool down process to save lamp life!*
